Sec. 2. DATA BROKERS; RECOMMENDATION

(a) Findings. The General Assembly finds that:

(1) The data broker industry brings benefits to society by:

(A) providing data necessary for the operation of both the public and private sectors;

(B) supporting the critical flow of information for interstate and intrastate commerce; and

(C) aiding in securing and protecting consumer identities.

(2) Despite these benefits, concerns have arisen about the data broker industry, including:

(A) how the data broker industry or persons accessing the industry may directly or indirectly harm vulnerable populations;

(B) the use of the data broker industry by those who harass, stalk, and otherwise harm others;

(C) whether appropriate safeguards are in place to assure that our most sensitive information is not sold to identity thieves, scammers, and other criminals; and

(D) the impact of the data broker industry on the privacy, dignity, and well-being of the people of Vermont.

(b) Recommendation. On or before December 15, 2017, the Commissioner of Financial Regulation and the Attorney General, in consultation with industry and consumer stakeholders, shall submit a recommendation or draft legislation to the House Committee on Commerce

and Economic Development and the Senate Committee on Economic Development, Housing and General Affairs reflecting:

(1) an appropriate definition of the term “data broker”;

(2) whether and, if so, to what extent the data broker industry should be regulated by the Commissioner of Financial Regulation or the Attorney General;

(3) additional consumer protections that data broker legislation should seek to include that are not addressed within the framework of existing federal and State consumer protection laws; and

(4) proposed courses of action that balance the benefits to society that the data broker industry brings with actual and potential harms the industry may pose to consumers.

Sec. 3. EFFECTIVE DATE

This act shall take effect on passage.
