As used in this section, the term “farm crops” also includes animal fiber, eider, wine, and cheese, produced on the enrolled land or on a housesite adjoining the enrolled land, from agricultural products grown on the enrolled land.

(B) Notwithstanding subdivision (A) of this subdivision (1), land is not “agricultural land” if:

parcels which qualifies for enrollment and for which, within 30 days following
the transfer, each transferee or transferor applies for reenrollment in the use
value appraisal program. “Development” also means the cutting of timber on
property appraised under this chapter at use value in a manner contrary to a
forest or conservation management plan as provided for in subsection 3755(b)
of this title during the remaining term of the plan, or contrary to the minimum
acceptable standards for forest management if the plan has expired; or a
change in the parcel or use of the parcel in violation of the conservation
management standards established by the Commissioner of Forests, Parks and
Recreation. “Development” also means notification of the Director by the

the terms of an order issued under 6 V.S.A. chapter 215, subchapter 10. The
term “development” shall not include the construction, reconstruction,
structural alteration, relocation, or enlargement of any building, road, or other

(ii) whose gross income from the sale of the processed farm products pursuant to subdivision (i) of this subdivision (B), when added to other gross income from the business of farming as used in subdivision (A) of this subdivision (7), equals at least one-half of the farmer’s annual gross income; and

(iii) is under active conservation management in accord with standards established by the Commissioner of Forests, Parks and Recreation.

(B) Notwithstanding subdivisions (A)(i) and (A)(ii) of this subdivision (8), land is not “managed forestland” if:
(i) any building, road, or other structure is constructed on the land for other than logging, forestry, or conservation purposes;

(ii) a building, road, or other structure on the land is used for other than logging, forestry, or conservation purposes;

(iii) any mining, excavation, or landfill activity is carried out on the land; or

(10)(9) “Owner” means the person who is the owner of record of any land or the lessee under a perpetual lease as defined in subsection 3610(a) of this title, provided the term of the lease exceeds 999 years exclusive of renewals. When enrolled land is mortgaged, the mortgagor shall be deemed the owner of the land for the purposes of this subchapter, until the mortgagee takes possession, either by voluntary act of the mortgagor or foreclosure, after which the mortgagee shall be deemed the owner.

Sec. 3. 32 V.S.A. § 3754 is amended to read:

§ 3754. POWERS AND DUTIES OF BOARD

(a) The Board shall meet at least annually, prior to February 1, to review all past current use land values for agricultural land and managed forestland recommended by past boards, to review the criteria for lands previously established and to establish new criteria and values as legislation and land management practices may indicate, and to establish a schedule of criteria and values to be recommended for the current tax year, and to recommend such changes and improvement in the administration of this subchapter as experience and public reaction may recommend. The Board’s criteria and recommended values may reflect the class, type, grade, and location of the land, together with its productive capacity and income-producing capability of agricultural and forestland.

(b) Annually, on or before October 15, the Board shall hold a public hearing and such other hearings as they deem necessary to receive public testimony on the criteria and values for use value appraisals in the coming tax year and on the administration of this subchapter.

(c) Prior to February 15 each year, the Board shall submit to the Director its recommended schedule of criteria and values for use value appraisals for the current tax year. The Director shall then distribute the valuations to all
municipalities, towns, and gores, and the assessing officials shall appraise qualifying agricultural and managed forestland at these use values.

(d) The Board may adopt rules under the authority granted to agencies by 3 V.S.A. §§ 801-808 to interpret and carry out the provisions of this subchapter.

(e) A member of the Board shall not vote on any issue on which he or she, or when applicable his or her agency, has a conflict of interest.

Sec. 4. 32 V.S.A. § 3755 is amended to read:

§ 3755. ELIGIBILITY FOR USE VALUE APPRAISALS

(a) Except as modified by subsection (b) of this section, any agricultural land, managed forestland, and farm buildings that meet the criteria contained in this subchapter and in the rules adopted by the Board shall be eligible for use value appraisal.

(b) Managed forestland shall be eligible for use value appraisal under this subchapter only if:

(1) The land is subject to a forest management plan, or subject to a conservation management plan in the case of lands certified under 10 V.S.A. § 6306(b), which:

(A) is signed by the owner of the parcel;

(B) complies with subdivision 3752(9) of this title;
(C) is filed with and approved by the Department of Forests, Parks and Recreation; and

(D) provides for continued conservation management or forest crop production on the parcel for 10 years. An initial forest management plan or conservation management plan must be filed with the Department of Forests, Parks and Recreation no later than October 1 and shall be effective for a 10-year period beginning the following April 1. Prior to expiration of a 10-year plan and no later than April 1 of the year in which the plan expires, the owner shall file a new conservation or forest management plan for the next succeeding 10 years to remain in the program.

(2) A management report of whatever activity has occurred, signed by the owner, has been filed with the Department of Forests, Parks and Recreation by February 1 of the year following the year when the management activity occurred.

(3) There has not been filed with the Director an adverse inspection report by the Department stating that the management of the tract is contrary to the forest or conservation management plan, or contrary to the minimum acceptable standards for forest or conservation management. The management activity report shall be on a form prescribed by the Commissioner of Forests, Parks and Recreation in consultation with the Commissioner of Taxes and shall include a detachable section signed by all the owners that shall contain the
federal tax identification numbers of all the owners. The section containing
federal tax identification numbers shall not be made available to the general
public, but shall be forwarded to the Commissioner of Taxes within 30 days
after receipt and used for tax administration purposes. If any owner shall
satisfy the Department that he or she was prevented by accident, mistake, or
misfortune from filing an initial or revised management plan which is required
to be filed on or before October 1, or a management plan update which is
required to be filed on or before April 1 of the year in which the plan expires,
or a management activity report which is required to be filed on or before
February 1 of the year following the year when the management activity
occurred, the Department may receive that management plan or management
activity report at a later date; provided, however, no initial or revised
management plan shall be received later than December 31, and no
management plan update shall be received later than one year after April 1 of
the year the plan expires, and no management activity report shall be received
later than March 1.

(c) The Department of Forests, Parks and Recreation shall periodically
review the management plans and each year review the management activity
reports that have been filed. At intervals not to exceed 10 years, that
Department shall inspect each parcel of managed forestland qualified for use
value-appraisal to verify that the terms of the management plan have been
carried out in a timely fashion. If that Department finds that the management
of the tract is contrary to the conservation or forest management plan, or
contrary to the minimum acceptable standards for conservation or forest
management, it shall file with the owner, the assessing officials, and the
Director an adverse inspection report within 30 days of the inspection.

(d) After managed forestland has been removed from use value appraisal
due to an adverse inspection report under subdivision 3756(i)(1) of this title, a
new application for use value appraisal shall not be considered for a period of
five years, and then shall be approved by the Department of Forests, Parks and
Recreation only if a compliance report has been filed with the new application,
certifying that appropriate measures have been taken to bring the parcel into
compliance with minimum acceptable standards for forest or conservation
management.

(e) Any applicant for appraisal under this subchapter bears the burden of
proof as to his or her qualification. Any documents submitted by an applicant
as evidence of income shall be held in confidence by any person accepting or
reviewing them pursuant to provisions of this subchapter, and shall not be
made available for public examination, whether or not such person is subject to
the provisions of 1 V.S.A. § 317(c)(6).

(f) On or before November 1 of each year, the owner of agricultural land or
buildings enrolled in the use value program as agricultural land or buildings
shall certify in writing under oath to the Commissioner that the agricultural
land or buildings enrolled by that owner continue to meet the requirements for
enrollment in the use value program at the time of the certification. The form
of the certification shall be made on a form specified by the Director of
Property Valuation and Review.

(b) Municipalities shall determine which land meets the criteria and in
doing so they may determine that some portions of a parcel of land meet the
criteria while other portions do not. When a parcel of land is divided in this
manner, no portion of the parcel may qualify as agricultural land or managed
forestland if the portion is within 660 feet of any disqualifying structures or
activities mentioned in subdivisions 3752(1)(B) and (8)(B) of this chapter
situated or taking place on the same parcel.

(c) When a parcel of land is situated in two or more contiguous
municipalities, each municipality shall determine whether the portion of the
land within the municipality is eligible for use value appraisal by considering
the use of the entire parcel.

(d) In making determinations under this section, municipalities may treat as
agricultural land any land which meets the requirements of subdivision
3752(1)(B) of this chapter, and which would meet the requirements of
subdivision 3752(1)(A) of this chapter but for personal hardship of the owner.
Municipalities may grant such exemptions for a year at a time because of
personal hardship created by personal or family disability or death; by
economic disaster such as loss of farm buildings, equipment, or livestock due
to fire or disease; or by natural disaster such as flood or drought. The
exempted land and any buildings or other improvements on the land that would
qualify as farm buildings under subdivision 3752(12) of this chapter but for
personal hardship shall continue in this instance to be taxed on the basis of use
value appraisal.

(e) The municipality shall notify persons affected by changes in
classification of all or portions of their land under this section in the manner
prescribed in subsection 4111(e) of this title.

(f) Any owner aggrieved by the municipality’s determination under this
section or the appraisal under subdivision 3756 of this title may appeal in the
same manner as with an appeal of a grand list valuation.

Sec. 5. 32 V.S.A. § 3756 is amended to read:

§ 3756. QUALIFICATION FOR USE VALUE APPRAISAL

(a) The owner of eligible agricultural land, farm buildings, or managed
forestland shall be entitled to have eligible property appraised at its use value
provided the owner shall have applied to the Director on or before September 1
of the previous tax year, on a form approved by the Board and provided by the
Director. A farmer, whose application has been accepted on or before
December 31 by the Director of the Division of Property Valuation and
Review of the Department of Taxes for enrollment for the use value program for the current tax year, shall be entitled to have eligible property appraised at its use value, if he or she was prevented from applying on or before September 1 of the previous year due to the severe illness of the farmer.

[Repealed.]

(b) [Repealed.]

(c) The Director shall notify the applicant no later than April 15 of his or her decision to classify or refusal to classify his or her property as eligible for use value appraisal by delivery of such notification to him or her in person or by mailing such notification to his or her last and usual place of abode. In the case of a refusal, the Director shall state the reasons therefor in the notification.

[Repealed.]

(d) The assessing officials shall appraise qualifying agricultural and managed forestland and farm buildings at use value appraisal as defined in subdivision 3752(12)(11) of this title. If the land to be appraised is a portion of a parcel, any portion not receiving a use value appraisal shall be valued at its fair market value as a stand-alone parcel, and, for the purposes of the payment under section 3760 of this chapter, the entire parcel shall be valued at its fair market value as other similar parcels in the municipality.

(e) Once a use value appraisal has been applied for and granted under this section, such appraisal shall remain in effect for subsequent tax years pursuant
to the provisions of subsection (f) of this section, and until the property
concerned is transferred to another owner or is no longer eligible under
provisions of section 3752 or 3755 of this chapter, or due to a change of use or
as otherwise provided in section 3757 of this chapter. If enrolled property is
transferred to another owner, the new owner shall be entitled to continue to
have the eligible property appraised at its use value, provided the property
remains eligible and provided the new owner shall elect the continuation of use
value appraisal on the property transfer tax return at the time of transfer and,
within 30 days after the property transfer tax return has been received by the
municipality for recording, has applied to the Director and paid the fees
described in this subsection. The grant of use value appraisals of agricultural
forestland and farm buildings shall be recorded in the land records of the
municipality by the clerk of the municipality. Applications shall include the
fees specified in subdivision 1671(a)(6) or subsection 1671(c) of this title, and
a fee of $70.00 for deposit in a special fund established and managed pursuant
to subchapter 5 of chapter 7 of this title. The Fund shall be available as
payment for the fees of the clerk of the municipality and to offset the costs of
administering the application and managing the program. [Repealed.]

(f) Each year the Director shall determine whether previously classified
property is still eligible for use value appraisal and whether the amount of the
previous appraisal is still valid. If the Director determines that previously
classified property is no longer eligible, or that the property has undergone a
change in use such that the use change tax may be levied, in accordance with
section 3757 of this chapter, or that the use value appraisal should be fixed at a
different amount than the previous year, he or she shall thereafter notify the
property owner of that determination by delivery of the notification to him or
her in person or by mailing such notification to his or her last and usual place
of abode. [Repealed.]

(g) The Director shall execute such other forms and the board shall adopt
such other procedures and regulations, as are needed to assure a fair
opportunity for owners to qualify under this subchapter and to assure
compliance with the provisions of this chapter. [Repealed.]

(h) By March 15, the Director shall mail to each municipality a list of
property in the municipality which is to be taxed based on its use value
appraisal. The list shall include the owners’ names, a grand list number or
description of each parcel of land to be appraised at use value, the acreage to
be taxed on the basis of use value, the use values to be used for land, and the
number and type of farm buildings to be appraised by the assessing officials at
use value. The assessing officials shall determine the listed value of the land to
be taxed at use value and its estimated fair market value, and fill in these
values and the difference between them on the form. This form shall be used
by the Treasurer or the collector of current taxes to make up tax bills such that
the owner is billed only for taxes due on his or her property not enrolled in the
program, plus taxes due on the use value of property enrolled in the program.
The assessing officials shall submit the completed form to the Director by
July 5. [Repealed.]

(i) (1) After providing 30 days' notice to the owner, the Director shall
remove from use value appraisal an entire parcel of managed forestland and
notify the owner when the Commissioner of Forests, Parks and Recreation has
not received a required management activity report or has received an adverse
inspection report, unless the lack of conformance consists solely of the failure
to make prescribed planned cutting. In that case, the Director may delay
removal from use value appraisal for a period of one year at a time to allow
time to bring the parcel into conformance with the plan.

(2)(A) The Director shall remove from use value appraisal an entire
parcel or parcels of agricultural land and farm buildings identified by the
Secretary of Agriculture, Food and Markets as being used by a person:

(i) found, after administrative hearing, or contested judicial
hearing or motion, to be in violation of water quality requirements established
under 6 V.S.A. chapter 215, or any rules adopted or any permit or certification
issued under 6 V.S.A. chapter 215; or

(ii) who is not in compliance with the terms of an administrative
or court order issued under 6 V.S.A. chapter 215, subchapter 10 to remedy a
violation of the requirements of 6 V.S.A. chapter 215 or any rules adopted or
any permit or certification issued under 6 V.S.A. chapter 215.

(B) The Director shall notify the owner that agricultural land or a
farm building has been removed from use value appraisal by mailing
notification of removal to the owner or operator’s last and usual place of
abode. After removal of agricultural land or a farm building from use value
appraisal under this section, the Director shall not consider a new application
for use value appraisal for the agricultural land or farm building until the
Secretary of Agriculture, Food and Markets submits to the Director a
certification that the owner or operator of the agricultural land or farm building
is complying with the water quality requirements of 6 V.S.A. chapter 215 or an
order issued under 6 V.S.A. chapter 215. After submission of a certification by
the Secretary of Agriculture, Food and Markets, an owner or operator shall be
eligible to apply for enrollment of the agricultural land or farm building
according to the requirements of this section. [Repealed.]

(j) The Commissioner may exempt a farmer-owner of agricultural land and
farm buildings located within the municipality and otherwise eligible under
this subchapter for use value appraisal from the terms of the definition of a
“farmer” contained in subdivision 3752(7) of this chapter, for a year at a time,
because of personal hardship created by personal or family disability or death,
by economic disaster such as loss of farm buildings, equipment, or livestock
due to fire or disease, or natural disaster such as flood or drought. The
agricultural land and farm buildings concerned shall continue in this instance
to be taxed on the basis of use value appraisal. [Repealed.]

Sec. 6. 32 V.S.A. § 3481(1)(A) is amended to read:

(1)(A) “Appraisal value” shall mean, with respect to property enrolled in
determined by a municipality to qualify under a use value appraisal program,
the use value appraisal as defined in subdivision 3752(12)(11) of this title,
multiplied by the common level of appraisal, and with respect to all other
property, except for owner-occupied housing identified in subdivision (C) of
this subdivision (1), the estimated fair market value. The estimated fair market
value of a property is the price that the property will bring in the market when
offered for sale and purchased by another, taking into consideration all the
elements of the availability of the property, its use both potential and
prospective, any functional deficiencies, and all other elements such as age and
condition which combine to give property a market value. Those elements
shall include the effect of any State or local law or regulation affecting the use
of land, including 10 V.S.A. chapter 151 or any land capability plan
established in furtherance or implementation thereof, rules adopted by the State
Board of Health, and any local or regional zoning ordinances or development
plans. In determining estimated fair market value, the sale price of the
property in question is one element to consider, but is not solely determinative.
