Subject: Why not just lockout any new housing or jobs for the average Vermonter?

No need for specifics, Just say no, HELL NO ! Nothing but city hi-rises, with elevators, no lots that allow lawns, Windows only facing north.

Just say No to anything New, or any Renovation - get this job done !! \$400,000 or BUST!

Doug Richmond, Underhill - trees everywhere, lots of 2000 feet just under Mt Mansfield. High taxes already.
