**MEMORANDUM**

To: House Government Accountability Committee  
From: Rep. Patrick Brennan, Chair, House Transportation committee  
Date: January 31, 2018  
Subject: State Outcomes Report-- Transportation Infrastructure Indicators

Responding to your letter of January 3, the House Transportation Committee recommends that your committee consider the following indicators under the heading of state infrastructure:

- (1) Percent of structurally deficient bridges as determined by federal standards and reported annually to the Federal Highway Administration.

Frequency: reported annually.  
Source: annual AOT Fact Book (2018 pg. 28).

- (2) State highway pavement condition ratings.

Frequency: reported annually  
Source: annual AOT Fact Book (2018, bottom pg. 32 "Pavement Condition Descriptions").

- (3) Public Transit ridership

Frequency: reported annually  
Source: annual AOT Fact Book (2018 pg. 39).

- (4) Highway fatalities – total and number involving no or improper use of seat belts.

Frequency: reported annually  
Source: annual AOT Fact Book (2018 pg. 14).

- (5) Gasoline consumption (measured by Vermont gallons sold)

Frequency: rolling 12 month total updated monthly.
