## SNAP Kept Millions Out of Poverty and “Deep Poverty” – Below Half the Poverty Line – in 2012

Note: Figures show the number of people lifted above the poverty line using the Supplemental Poverty Measure (SPM) with corrections for underreporting.

Source: CBPP analysis of 2012 Census Bureau data from the March Current Population Survey, SPM public use file; corrections from underreporting from HHS/Urban Institute TRIM model.

# 3SQUARESVT

- Nearly 78,000 (1 in 8) Vermonters used 3SquaresVT in FY17
- Most recipients are children, adults with dependents, seniors, & people with disabilities
- 9 out of 10 households receive \$50 or more each month
