Dear Representatives and Senators:

Happy Day Playschool in Arlington, Vermont highly recommends the continuation and funding of the TEACH program.

We have had two staff graduate from the program with AA degrees in Early Education and two more staff are in it now working toward AA degrees in Early Education. The scholarship funding and the 10% contribution from our center are the only way these women can go to college and get degrees. This in turn greatly improves the quality of our program and services. Please consider supporting this funding when it comes up this session.

Thank you...
