21C Funded Sites 2017-2018

The 21st Century Community Learning Centers (21C) program has been funding high quality afterschool and summer learning programs since 1998. Poverty, opportunity gaps, and unmet academic need drive the program's purpose under the Every Student Succeeds Act. Vermont's 21C program supports students' learning and interests through diverse and engaging programming using multiple approaches and curricula. Programs are delivered through schools and community partnerships for grades K-12. Currently, approximately 13,000 youth and 6000 regular attendees are served in 101 high needs centers across the state. Programs are expected to complement, but not duplicate the school day. Annual or semi-annual grant competitions are held to support this vision.
