Subject: Support for H 333

Dear House Committee,

I am writing to express my support for the bill H 333 to make all single-stall restrooms in the state gender-free.

As a local healthcare worker and member of the LGBTQ community, I have seen how not having access to safe bathrooms can impact people's lives. Trans people are at a far greater risk of violence if they are forced to use a restroom that does not align with other people's perceptions of their gender.

Please support this measure to keep all of our community members safe.

Sincerely,
Bailey Cummings
