1 - The 2016 OES estimates are based on the 2010 Standard Occupation Classification system.

2 - Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. Estimates do not include self-employed workers.

3 - Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

Mean - Average Hourly Wage

10th Percentile - 10 percent of the jobs pay less and 90 percent pay more than this hourly/annual wage

25th Percentile - 25 percent of the jobs pay less and 75 percent pay more than this hourly/annual wage

50th Percentile - also known as Median, half the jobs pay less and half pay more than this hourly/annual wage

75th Percentile - 75 percent of the jobs pay less and 25 percent pay more than this hourly/annual wage

90th Percentile - 90 percent of the jobs pay less and 10 percent pay more than this hourly/annual wage

n/a - Estimates not released. Estimates may be unreliable, confidential or the occupation may not generally work year-round or full time

+ Wage is equal to or greater than \$100.00 per hour or \$208,000 per year.

Source - Vermont Department of Labor, Economic & Labor Market Information, Occupational Employment Statistics (OES) program in cooperation with the U.S. Bureau of Labor Statistics, released April 2017.

The OES survey is a semiannual survey measuring occupational employment and wage rates for wage and salary workers in nonfarm establishments in Vermont. Each year, surveys are mailed to establishments in May and November. 2016 estimates are based on responses from 4,355 establishments surveyed over a 3-year period: May 2016, November 2015, May 2015, November 2014, May 2014, and November 2013. Overall, 5,039 establishments were mailed surveys in the six panels for a 86 percent response rate. Wages reported prior to May 2016 are updated to May 2016 using the Bureau of Labor Statistics Employment Cost Index (ECI).

For more information, visit Technical Notes for OES Estimates at stats.bls.gov/oes/current/oes_tec.htm.

1 - The 2016 OES estimates are based on the 2010 Standard Occupation Classification system.

2 - Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. Estimates do not include self-employed workers.

3 - Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data.

Mean - Average Hourly Wage

10th Percentile - 10 percent of the jobs pay less and 90 percent pay more than this hourly/annual wage

25th Percentile - 25 percent of the jobs pay less and 75 percent pay more than this hourly/annual wage

50th Percentile - also known as Median, half the jobs pay less and half pay more than this hourly/annual wage

75th Percentile - 75 percent of the jobs pay less and 25 percent pay more than this hourly/annual wage

90th Percentile - 90 percent of the jobs pay less and 10 percent pay more than this hourly/annual wage

n/a - Estimates not released. Estimates may be unreliable, confidential or the occupation may not generally work year-round or full time

+ Wage is equal to or greater than \$100.00 per hour or \$208,000 per year.

Source - Vermont Department of Labor, Economic & Labor Market Information, Occupational Employment Statistics (OES) program in cooperation with the U.S. Bureau of Labor Statistics, released April 2017.

The OES survey is a semiannual survey measuring occupational employment and wage rates for wage and salary workers in nonfarm establishments in Vermont. Each year, surveys are mailed to establishments in May and November. 2016 estimates are based on responses from 4,355 establishments surveyed over a 3-year period: May 2016, November 2015, May 2015, November 2014, May 2014, and November 2013. Overall, 5,039 establishments were mailed surveys in the six panels for a 86 percent response rate. Wages reported prior to May 2016 are updated to May 2016 using the Bureau of Labor Statistics Employment Cost Index (ECI).

For more information, visit Technical Notes for OES Estimates at stats.bls.gov/oes/current/oes_tec.htm.
