

To whom it may concern,
My name is Dr. Sean Wrenn, I'm a resident physician at the University of Vermont Medical Center. I am writing to ask that you vote "No" on H.684, which would eliminate the need for APRN prerequisites to complete practice guidelines and collaborative practice agreements prior to independent practice.

As a resident physician, there are substantial barriers and intense additional postgraduate training before I am qualified to fully practice independently. This is ideal for patient safety. This should also be true for APRN's.

Thank you for your attention.
Sean Wrenn MD
