**Subject:** No Additional Gun Control or Anti Hunting Bills

Greetings Rep. Grad

As an avid voter, outdoorsman and shooter I stand against any legislation restricting my rights and freedoms in the ownership of, the passing on of that ownership, or using firearms.

There is also an attack on hunting, trapping and use of the out of doors by the state. Restricting either of these is not needed nor warranted. Our elected Representatives not to worry more about the affordability of the Citizens of Vermont. It is getting very difficult to live here.
