

Dear Members of the House Judiciary Committee:

I am writing to ask for your support for H492. Institutionalize racism hurts all Vermonters - our economy, our culture and our humanity are all diminished when people are treated unjustly because of their race. We need efforts at all levels in order to work toward racial justice, and a coordinated, state level effort will be an important part of the solution.

Please take action to move Vermont in the right direction by supporting this bill.

Sincerely,

Julia Chafets
