Chair Deen

Representative Sheldon

Here are some thoughts about H.424

1. Create the Commission as Legislators only
2. Create an Advisory Board (that could, for some purposes, have a "vote")
3. Make the "workgroup" NRB, ANR, ACCD (with AOT and AAFM) and have them report to the Legislative Commission in September, (and be part of the Advisory Board)
4. Have the Legislative Commission participate in a half day, "Turn the Curve" facilitated event
In September or sooner
