ENB2 & You

Vermont Department of Environmental Conservation
Permit Notice and Comment under Act 150
January 2018

What is Act 150?

- Act 150 is the law that:
 - ▶ **Revitalizes** the Environmental Notice Bulletin... hence "ENB2"
 - Consolidates <u>almost</u> all DEC permits into one of five "Types" of permits
 - Standardizes & Automates public notice & comment processone stop shopping!
- New under Act 150:
 - Requires participation in the comment process in order to appeal
 - Requires an administrative record for each permit
- Implementation Start:
 - ▶ The majority of the provisions take effect Jan. 1, 2018

Five Permit "Types"

- ▶ **Type 1.** Federal Individual and General Permits under Clean Air and Clean Water Acts
 - Wastewater Treatment Facility Permits
- ► Type 2. State Individual Permits
 - Solid Waste Management Certification
- ► Type 3. State General Permits & Certain Listed Individual
 - ▶ Dam Orders, Aquatic Nuisance Control
- ▶ Type 4. Notices of Intent under General Permits & Certain "Minor" Individual Permits
 - Public Water Supply Construction Permits
- ► Type 5. Emergency Permits and Registrations
 - Shoreland Registration, Stream Alteration Mineral Prospecting

- Application Administratively Complete
- Draft Permit/Decision
- ▶ Public Comment Period
- ► Public Meeting (Types 1-3 only)
- ► Final Permit/Decision(includes response to comments)

NOTE: Permit Types 1, 2, and 3 incorporate all five elements above. Type 4 permits do not have a public meeting option, and Type 5 permits only notice the final permit/final decision.

Elements common to ENB2 noticing

Comment Period by Permit Type

Туре	Comment Period	Public Meeting Request	Post-Meeting Comment Period	
1	30 day minimum	Can be requested any time during comment period; must be announced 30 days prior to meeting date	7 days	V
2	<i>""</i>	Must be requested within 14 days of draft decision; must be announced 14 days prior to meeting date	un	
3	<i>""</i>	""	""	
4	14 day minimum	N/A	N/A	
5	N/A	N/A	N/A	

Major Amendment.

An amendment to an individual permit or notice of intent under a general permit that necessitates technical review.

Processed in the same manner as original application

Minor Amendment.

An amendment to an individual permit or notice of intent under a general permit that requires a change in a condition or requirement, does not necessitate technical review, and is not an administrative amendment.

Processed as a Type 4

Administrative Amendment.

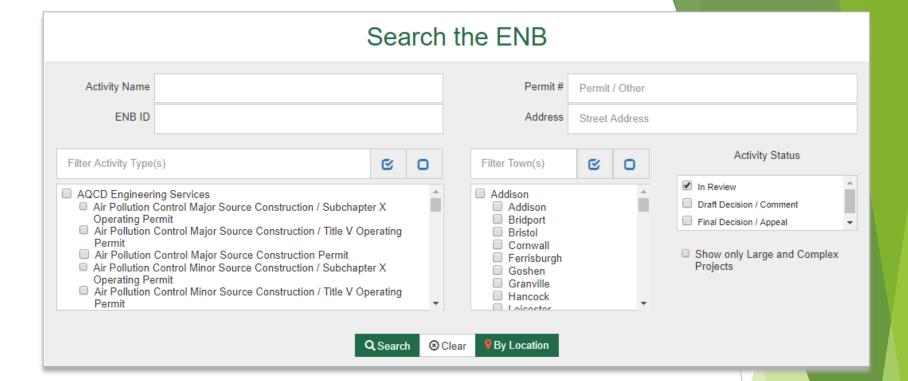

An amendment to an individual permit, general permit, or notice of intent under a general permit that corrects typographical errors, changes the name or mailing address of a permittee, or makes other similar changes to a permit that do not require technical review of the permitted activity or the imposition of new conditions or requirements.

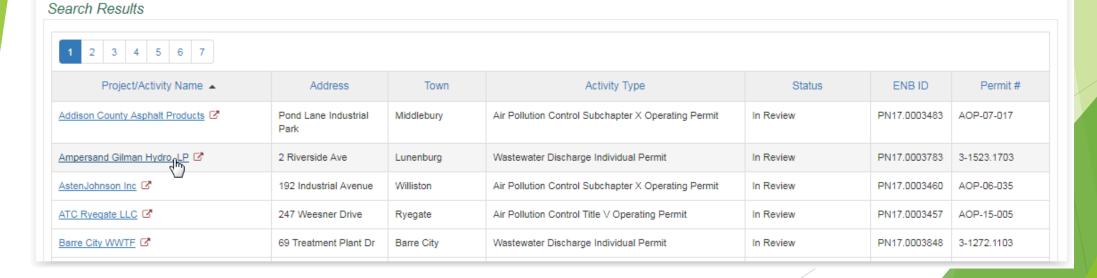

No process required

User Subscriptions

My Subscription

Welcome to the subscription configuration page! By clicking the Modify Alerts button below, you will be able to set yourself up to receive email notifications for different types of activities (with geographical regions designated for each).

Email notifications of new activities are compiled and sent daily. Once you have configured an alert, you will receive notification when any relevant activity has been posted on the ENB.

If you would like to follow any activities step-by-step throughout the review process, you can select the follow button.

New Activities of Interest (based on your alert criteria)

Activities I'm Following

By following an activity, you will receive a notification by email daily when there is an update or change to be reported. This allows you to stay informed at each step of the review process. Listed below are all activities you are following.

Once the appeal period has ended, the activity will be removed from this list. You can manually un-follow the activity here at any time. Your email notification will only show activities you're following that have been changed since the previous email.

Activity Type 🔺	Project/Activity Name	Applicant Name(s)	Changes/Updates	Actions
No Records Available				

User Subscriptions- Activity Alerts

> Alerts are email notifications for when a *new* activity posts to ENB

My Subscription

In order to notify you of new activities, you must first let us know what types of activities are of interest to you through the use of alerts. Each alert is composed of the types of activities you're interested in, and where those activities are located.

By default, there are three alerts you can configure. To configure or deactivate an individual alert, click the edit button.

	Alert #	Activity Types(s)	Location	Active

Activate Alert

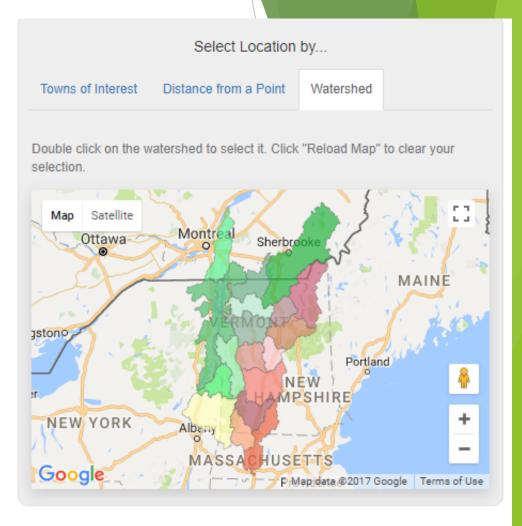

To select your alerts, choose from a combination of the Activity Type and Geographic Location below. Each alert may contain one or more activity types. For the location you may select: one or more Towns/Counties; a Distance from a Point; or a specific Watershed. You must select at least one activity type and one location to receive the alert.

Subscribe by Watershed

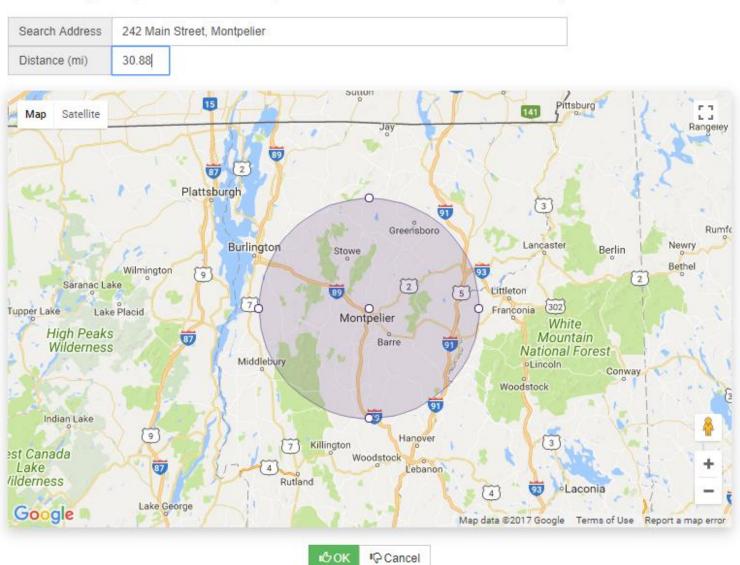

Subscribe by Distance from a Point

Enter a complete or partial street address including town and the distance in miles from the address for which you want to receive new alerts. Or you can position the circle and adjust the radius to select the distance from a certain point.

User Subscriptions- Activity Alerts

User is now configured to receive an email notification when a new activity posts to ENB that matches the criteria below

My Subscription

In order to notify you of new activities, you must first let us know what types of activities are of interest to you through the use of alerts. Each alert is composed of the types of activities you're interested in, and where those activities are located.

By default, there are three alerts you can configure. To configure or deactivate an individual alert, click the edit button.
