Dear Committee Members

While at the Montpelier City Clerk's Office yesterday afternoon, I was told by John Odum, City Clerk, that Uber Cab has not paid their annual renewal Taxi Business License fee of \$35 (thirty-five dollars).

Their annual renewal fee was due April 1<sup>st</sup> of this year.

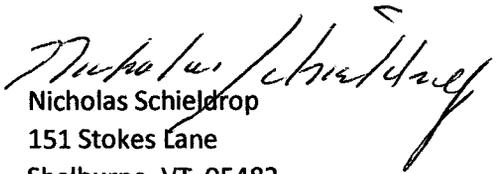

I suggested he contact Jean O'Sullivan, ranking member of the committee to voice his concerns in the above matter. The annual renewal fee was due April 1<sup>st</sup>. of this year.

It should be quite clear to committee members that it would be unfair to have the City Clerk chase personal vehicles around Montpelier, whose drivers are tooling around town carrying paying passengers while at the same time, not being properly insured.

Having the company named spelled-out appropriately, on the rear of the vehicle would certainly make it easier for John to chase.

It would be interesting to hear from the committee as to it's position on all of the above.

Sincerely,
