Hi Representative Stuart,

Writing to get you the number of businesses we've spoken with about S.85:

- 58 members have participated in group discussions about the bill - all were supportive
- Our email listserv of 600+ members have received emails with information about the proposal and were encouraged to submit feedback (two members reached out to me directly via email after receiving this email - not with specific feedback, but to express support).

Let me know if there's anything else you need!

Thanks,

--
