Legend:

	Category/Classification	Definition
	Compliant - all ANI, ALI & Location info correct	ALL Test calls appear to indicate the school's phone system is compliant
	Potentially Compliant (I) – but with ANI/ALI or Location Discrepancies	Phone system appears capable of sending unique ANI, however discrepancies existed in test calls with either ANI and/or ALI and/or Location info-discrepancies have been reported.
	Potentially Compliant (II) - Correct ANI & ALI - no location info	One or more of the school's test calls appeared to contain correct ANI and ALI, but lacked any location info. Further info on telephone system required to determine capability.
	Not Compliant - appears default ANI/ALI being sent -regardless of callers location	One or more of the school's test calls appear to be sending a billing or main TN (and associated address) by default - regardless of the caller's location
