**Subject:** OPR Bill H. 684

Dear Representative Townsend,

As an autonomously practicing Nurse Anesthetist in Vermont, I have serious concerns about H. 684, as passed by the House. In my professional opinion, the bill in its current form will limit access to healthcare in our State. This bill will hinder my profession's ability to provide high quality, safe anesthesia services as deserved by the citizens of Vermont.

I would greatly appreciate the opportunity to sit down with you and discuss the implications of H. 684 further. I can be available to meet with you at your earliest convenience.

Sincerely,

Chris Mann, CRNA
