**Subject:** H.827

Good morning Representative Townsend,

My name is Robert Williams and I am writing to you on the subject of House Bill H.827. I was unable to attend the hearing on the bill, so I elected to provide my input to you and the Committee through this email.

I am a retired Electrical Engineer who worked for CVPS for over 43 years. I live in Poultney, Vermont and I currently serve the State as a member of the Vermont Electricians' Licensing Board. I have served as the electric utility representative for over 20 years. I have read the email that Tim Watkins has sent you on Thursday, March 1, 2018 at 9:39 AM and wanted to let you know that I am in agreement with what Tim has stated.

Respectfully,

Robert Williams
