Representative Lippert,

As requested during the Medicaid overview with House Health Care on Friday, January 13 below is additional information on Healthy Vermonters.

Healthy Vermonters provides a discount on prescription medicines for individuals not eligible for other pharmacy assistance programs with household incomes up to 350% and 400% FPL if they are aged or disabled. Individuals enrolled in the Healthy Vermonters program receive discounts at the pharmacy so that they get a pharmacy benefit similar to those on Medicaid.

DVHA does not pay for a benefit. Healthy Vermonters enrollees are just offered the same cost structure as Medicaid enrollees.

Pharmacies are reimbursed at the Medicaid rate on file with the same cost sharing requirements for the individuals.

Thanks,  
Lindsay
