

The Assets & Opportunity Scorecard is a comprehensive look at Americans' financial security today and their opportunities to create a more prosperous future. It assesses the 50 states and the District of Columbia on 130 outcome and policy measures, which describe how well residents are faring and what states are doing to help them build and protect assets. The Scorecard enables states to benchmark their outcomes and policies against other states in five issue areas: Financial Assets & Income, Businesses & Jobs, Housing & Homeownership, Health Care, and Education.

ISSUE AREA RANKS

OUTCOME MEASURES

The *Scorecard* ranks 56 outcome measures from best to worst; #1 is the most desirable, #51 is the least desirable. Data for an additional 5 measures are published but not ranked due to insufficient data at the state level. Issue area ranks are calculated by averaging the ranks of measures within the issue area; overall ranks are calculated by averaging all of the outcome measures ranks. Grades are given on a curve: states ranked 1-10 get As, ranked 11-20 get Bs, ranked 21-36 get Cs, ranked 37-47 get Ds and those ranked 48-51 get Fs.

N.R. = "Not Ranked." These data are not ranked because the estimate or rank is too imprecise to say with confidence how the state compares to other states.

^{— = &}quot;Not Available." Data or ranks are not available because insufficient or unreliable data exist for the state.

^{*} Indicates that the margin of error is greater than 25% of the estimate, and as such, this estimate is too imprecise to rank. Caution should be used when using this data.

CONNECT TO OTHERS WORKING TO IMPROVE OUTCOMES FOR FAMILIES

Across the country, advocates, service providers and others in the assets field are working to improve the financial security of families by strengthening policies and programs. The Assets & Opportunity Network leverages the combined experience, power and potential of these stakeholders to speed up the diffusion of innovative financial security and asset-building strategies and to create an effective constituency that can advocate for policies that expand economic opportunity.

The Network is guided by a nationally-representative Network Steering Committee and convened locally by Network State, Local and Native Leaders, many of which host statewide or local asset coalitions. More than 1,800 General Members are committed to collective action to create social change.

The Assets & Opportunity Network connects and engages the assets field to foster learning via a virtual infrastructure and in-person events and spreads knowledge of innovative and effective approaches to service delivery through learning groups, webinars, workshops and regular updates on policy and practice. To build advocacy capacity, the Network creates opportunities for members to participate in the policy process. The Network also builds the communications capacity of members to raise awareness of asset issues with the media, policymakers and allies, and expands resources available to the assets field through funder education and fundraising capacity-building for members.
