Subject: adding Roundtable to a committee?

Lisa,
There is a legislative 'out of session' committee with the focus on child poverty and strengthening families. there are both legislators, community stakeholders and (non voting) the administration-dept of labor, dcf, education etc. I wanted to add a business person...and was wondering (hoping) that Vermont Business Roundtable would be the entity to choose a business person as this work seems to be consistent with some of your other initiatives and your organization is seen as less partisan than either the Chamber of Vermont Business Roundtable.
thanks,
Ann
