

Chair Maxine Grad,

I've been closely monitoring H.422, since the interests of both victims and police officers are tremendously important to the VPA. I wanted to thank you for hearing the Vermont Police Association's concerns and your willingness to guide suggestions proposed by Beth Novotny on our behalf through the Judiciary Committee process. I think the bill your committee voted out is good for both the victim and the police officers who diligently perform this difficult and complex work at evolving domestic violence crime scenes every day throughout Vermont.

Again, many thanks.

Best, Scott
