

Dear Members of the House Judiciary Committee,

I am writing to express my support for H492, which establishes a Racial Justice Oversight Board. This Board addresses a crucial issue in Vermont that has been ignored for far too long. We like to think we are an egalitarian state, but when I talk to people of color, I find that we are in fact just as racist as any other place in this country. This Board is an important step toward ensuring real justice is present in our state- not just for the white majority, but for everyone.

Thank you for your consideration.

Sincerely,

Anne Morse
