

My name is Brian Clifford and I'm writing to voice my support for H.492, because people of color in Vermont need to be treated fairly by our criminal justice system.

Vermont has one of the most disproportionate incarceration rates in the country for people of color. This is not acceptable. We need to put an end to structural racism in our state so that all Vermonters can pursue safe, happy, and prosperous lives while they continue to enrich our communities. We have a lot of work to do, but H.492 is the first step we need to take."
