

Dear Legislators,

Please do what you can to support H 492, Racial Justice Oversight Board.

I run the Restorative Justice Program at Brattleboro Union High School and am on the Board of the Brattleboro Community Justice Center. After doing this restorative work with both kids and adults for almost 20 years, I have seen first-hand the biases built-into our existing law enforcement and justice systems. I believe that with the right oversight, these systems can be improved.

Thank you for your hard and conscientious work!

*Mike*
