

No. 134. An act relating to racial disparities in the Vermont criminal justice system.

(H.535)

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. DATA COLLECTION AND ANALYSIS; APPROPRIATION

(a) Research regarding sentencing practices routinely concludes that two variables drive sentencing decisions—the seriousness of the offense and the defendant’s risk to reoffend. The Vermont Center for Justice Research (“the center”) shall examine the effect of these and other variables, including the race of the defendant, on sentencing decisions in Vermont, for a five-year period. The center shall use data from the Federal Bureau of Investigation Interstate Identification Index, the department of motor vehicles, the Vermont criminal information center, the department of corrections, and the Vermont courts to explain if the disparities are based on legal or nonlegal factors. The center’s research shall focus on the following:

(1) How do the sentences of people of particular census categories, in the aggregate and by national incident-based reporting system race data fields (NIBRS), which currently include white, black, Asian, Native American or Alaskan Native, and Hispanic, compare to the sentences of white defendants with respect to sentence type, length of sentence, and level of restriction?

(2) How does the actual time spent by people of particular census categories, in the aggregate and by NIBRS race data fields, under department

of corrections' supervision (and the degree of restriction) compare to the time spent by (and the degree of restriction of) white defendants?

(3) If disparate sentencing patterns or disparate service patterns exist for people of particular census categories, in the aggregate and by NIBRS race data fields, what variables included in the study design explain the disparity?

(b) On or before December 15, 2012, results of the study shall be reported to the house and senate committees on judiciary, to the court administrator, and to each organization or entity represented on the governor's criminal justice cabinet.

(c) The general assembly appropriates \$20,000.00 to the Vermont Center for Justice Research to support this data collection, analysis, and report.

Sec. 2. 20 V.S.A. § 2366 is added to read:

§ 2366. LAW ENFORCEMENT AGENCIES; BIAS-FREE POLICING
POLICY; RACE DATA COLLECTION

(a) No later than January 1, 2013, every state, local, county, and municipal law enforcement agency that employs one or more certified law enforcement officers shall adopt a bias-free policing policy. The policy shall contain the essential elements of such a policy as determined by the Law Enforcement Advisory Board after its review of the current Vermont State Police Policy and the most current model policy issued by the office of the attorney general.

(b) The policy shall encourage ongoing bias-free law enforcement training for state, local, county, and municipal law enforcement agencies.

(c) State, local, county, and municipal law enforcement agencies that employ one or more certified law enforcement officers are encouraged to work with the Vermont association of chiefs of police to extend the collection of roadside-stop race data uniformly throughout state law enforcement agencies, with the goal of obtaining uniform roadside-stop race data for analysis.

Sec. 3. 20 V.S.A. § 2358 is amended to read:

§ 2358. MINIMUM TRAINING STANDARDS

* * *

(e) The criteria for all minimum training standards under this section shall include anti-bias training approved by the Vermont criminal justice training council.

Sec. 4. 24 V.S.A. § 1939 is amended as follows:

§ 1939. LAW ENFORCEMENT ADVISORY BOARD

* * *

(e) The board shall examine how individuals make complaints to law enforcement and suggest, on or before December 15, 2012, to the senate and house committees on judiciary what procedures should exist to file a complaint.

Sec. 5. CRIMINAL JUSTICE AGENCIES; BIAS-FREE CRIMINAL
JUSTICE POLICY

The general assembly encourages all criminal justice entities through their professional rules of conduct to ensure that all actions taken are done in a manner that is free of bias.
