Subject: H 876

Hello Maxine,

I am writing to you in support of H876 to prohibit the possession of bump-stocks in Vermont. This is a common sense step in gun sense legislation that in no way affects or threatens the lifestyle of our hunters and sportsmen.

I urge the House Judiciary to take this bill up and pass it out of committee this term — the majority of voters in Vermont support common sense gun laws.

Thank you,

Jane Knight
