Dave,

Could I get on color copy of this? I will scan it in so I can post it on CIP.

Thanks.

Dear Representative Grad,

As a follow up to my testimony of yesterday, I am enclosing photos showing the wall that has been erected in the booking area to address the concerns raised by the Defender General regarding the issue of confidentiality. This area is used for the detainee to talk with their attorney before the actual arraignment which takes place in a separate room. This wall was only recently erected but I understand it has been in operation and I have not heard of any concerns. Thank you for your consideration.

Brian Grearson  
Chief Superior Judge
