Chairman Deen,

I wish to state for the record that the Trappers Association can support the nuisance language which Commissioner Porter will be bringing forth to you today. I have reviewed it, and it does not depart from the intent of the language which I suggested, but it does further clarify. Hopefully this helps you and the committee moving forward. I apologize that I was unable to stay and lend the committee more interactive support through the remainder of the day.

My Best Regards,
Mike Covey
