

Section 1775. DISCLOSURE OF INFORMATION ON CHEMICALS OF HIGH CONCERN

(b) Format for notice. The Commissioner shall specify the format for submission of the notice required by subsection (a) of this section, provided that the required format shall be generally consistent with the format for submission of notice in other states with requirements substantially similar to the requirements of this section. Any notice submitted under subsection (a) shall contain the following information:

- (1) the name of the chemical used or produced and its chemical abstracts service registry number;
- (2) a description of the product or product component containing the chemical, including the brand name, product model, and universal product code;

Section 1776 . RULEMAKING; ADDITIONAL CHEMICALS OF CONCERN TO CHILDREN; PROHIBITION OF SALE

(b) Additional chemicals of concern to children. The Commissioner may by rule add additional chemicals to the list of chemicals of high concern to children, provided that the Commissioner of Health, on the basis of the weight of credible, scientific evidence, has determined that a chemical proposed for addition to the list meets both of the following criteria in subdivisions (1) and (2) of this subsection:

(d) Rule to regulate sale or distribution.

(1) The Commissioner, ~~upon the recommendation of~~ after consultation ~~with~~ the Chemicals of High Concern to Children Working Group, may adopt a rule to regulate the sale or distribution of a children's product containing a chemical of high concern to children upon a determination that:

(A) ~~children will be exposed~~ on the basis of credible, scientific evidence, there is a potential exposure to children to a chemical of high concern to children in the children's products; and

(B) ~~there is a probability that, due to the degree of exposure or frequency of exposure of a child to a chemical of high concern to children in a children's product, exposure could cause or contribute to one or more of the adverse health impacts listed under subdivision (b)(1) of this section~~ at least one feasible safer alternative chemical that could be used to replace the chemical of high concern to children.
