H.608

An act relating to creating an Older Vermonters Act working group

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS AND PURPOSE

(a) The General Assembly finds that:

(1) Vermont's demographics are shifting, with Vermonters 60 years of age or older becoming a larger percentage of the population.

(2) The Older Americans Act provides a blueprint for states to develop a comprehensive and coordinated system of services and supports for older persons and family caregivers to support the ability of older persons to age with dignity, respect, and independence.

(3) The Older Americans Act tasks Vermont with taking limited resources and using them as strategically as possible, targeting services to those in the greatest economic and social need.

(4) The Department of Disabilities, Aging, and Independent Living, as the State Unit on Aging, is required by the Older Americans Act to develop periodically a State Plan on Aging, and the five designated Area Agencies on Aging are similarly required to develop Area Plans for their planning and service areas. The State Plan on Aging and the Area Plans outline goals and objectives for the State and the Area Agency on Aging service areas to improve services to and outcomes for older Vermonters and family caregivers.

(5) The Vermont Futures Project estimates that Vermont will need 11,000 more workers annually to maintain the current level of economic growth. Many older Vermonters would benefit from full- or part-time employment.

(6) Many older Vermonters would also benefit from continued or increased involvement in their communities through participation in volunteer activities and opportunities for civic engagement.

(b) The purpose of this act is to establish a working group that shall develop recommendations for an Older Vermonters Act aligned with the federal Older Americans Act, the Vermont State Plan on Aging, and the Choices for Care program. The working group shall address the value of older Vermonters to the fabric of the State's communities, as well as the service and support needs that older Vermonters may have.

Sec. 2. DEFINITIONS

As used in this act:

(1) "Area Agency on Aging" means an organization designated by the State to develop a comprehensive and coordinated system of services and supports for older Vermonters within a defined planning and service area of the State.

(2) “Choices for Care program” means the Choices for Care program contained within Vermont’s Global Commitment to Health Section 1115 demonstration.

(3) “Family caregiver” means an adult family member or other individual who is an informal provider of in-home and community care to an older Vermonter or to an individual with Alzheimer’s disease or a related disorder.

(4) “Older Americans Act” means the federal law originally enacted in 1965 to facilitate a comprehensive and coordinated system of supports and services for older Americans and their caregivers.

(5) “Older Vermonter” means, consistent with the Older Americans Act, an individual residing in this State who is 60 years of age or older.

(6) “State Plan on Aging” means the plan required by the Older Americans Act that outlines the roles and responsibilities of the State and the Area Agencies on Aging in administering and carrying out the Older Americans Act.

(7) “State Unit on Aging” means an agency within a state’s government that is directed to administer the Older Americans Act programs and to develop the State Plan on Aging in that state. In Vermont, the Department of Disabilities, Aging, and Independent Living is the designated State Unit on Aging.
