

We Want Your Feedback on Universal Pre-K

In November 2017, the Vermont Agencies of Education and Human Services released a joint report recommending proposed changes to Act 166, Vermont's Universal Pre-Kindergarten legislation. It is important that those most impacted by the law have an opportunity to weigh in on any changes. Building Bright Futures (BBF), in its role as early childhood advisor to the administration and legislature, is using its state and regional council infrastructure to gather feedback on the Act 166 recommendations and proposed legislative changes in order to present a report to the legislature in early March 2018.

Throughout February 2018, BBF will convene conversations in each of its 12 regions to gather feedback on the Act 166 recommendations and proposed legislative changes. Below you can find the date, time, and location for each meeting. All are welcome!

If you are unable to attend a meeting, but would like to contribute your feedback to BBF's report, you can fill out [this form](#).

Addison

After Quarterly PreK Meeting
