### Secretary of Administration

1.

**a. What are your programs?**

The Secretary of Administration is both principal aide to the Governor and executive manager of the Agency of Administration. The office of the Secretary assists in the development and implementation of policies and programs throughout state government, coordinates and controls functions within state government, and manages the Agency of Administration.

**b. How do these programs meet your core mission?**

These programs are in line and consistent with our core mission which is to provide responsive and centralized support services to the employees of all agencies and departments of state government so they may deliver services to Vermonters in an efficient, effective and fiscally prudent manner consistent with the Governor's three priorities.

2.

**a. What does success in each program look like to Vermonters both those served by the program and the general population?**

We are successful when we deliver better and more responsive services to both our internal customers and the citizens of Vermont, at the lowest possible costs, while carrying out the policy objectives of the Governor and the laws of Vermont consistent with the Governor's priorities.

## FY18 Appropriations Committee Questionnaire

---

**b. What performance measures are used to determine progress and what baseline data is available (current and proposed budget, # served, etc)?**

The Secretary of Administration has led a number of efforts to promote transparency and to provide information and data to Vermonters and other interested parties. These efforts included developing a variety of baseline data elements, some of which include historical progress, and can be found at the following links:

Vermont Financial Transparency - <http://spotlight.vermont.gov/>

Performance Accountability: [http://spotlight.vermont.gov/performance\\_measures](http://spotlight.vermont.gov/performance_measures)

Programmatic Performance Measure Budget -

[http://spotlight.vermont.gov/sites/finance\\_transperancy/files/PerformanceMeasures/ProgPerfMeasureBudgetRpt-2017.pdf](http://spotlight.vermont.gov/sites/finance_transperancy/files/PerformanceMeasures/ProgPerfMeasureBudgetRpt-2017.pdf)

FY 2018 marks the fourth year of the Programmatic Performance Measure Budgeting initiative, now required as part of the Budget Development process in 32 V.S.A. §307(c). The programs reported on in this initiative have grown from 11 programs across 13 departments for FY 2015, to 62 programs across 31 departments for FY 2017. For FY 2018, each previously reporting department has been asked to add one additional program and those departments that did not previously participate must select one program to report on. The Programmatic Performance Measure Budgeting initiative is a bottom-up initiative which rolls up to the Population-Level Outcomes and Indicators. This annual reporting under 3 V.S.A. §2311 is a top-down effort which completed its third annual report:

## FY18 Appropriations Committee Questionnaire

[http://spotlight.vermont.gov/sites/finance\\_transperancy/files/PerformanceMeasures/Outcomes\\_Indicators\\_2016\\_FINAL.pdf](http://spotlight.vermont.gov/sites/finance_transperancy/files/PerformanceMeasures/Outcomes_Indicators_2016_FINAL.pdf)

A total of ten Population-Level Outcomes are informed by 79 Population-Level Indicators, each of which are further described by narratives and graphs.

The CPO, the Performance Accountability Liaisons (PALs) and leaders in Lean across the agencies/departments work collaboratively on this annual report.

Beginning this month, Governor Scott has initiated his **Program to Improve Vermont Outcomes Together (PIVOT - [Executive Order 04-17](#))**. PIVOT has a number of specific goals, including: 1) developing an inventory of all programs and functional program areas for extended cabinet agencies and departments; 2) developing a new State Strategic Plan in two parts (Part 1 – short term, built around the Governor's primary strategic Outcomes/Goals ([Executive Order 01-17](#)); and Part 2 – longer term - expanding the Strategic Plan beyond the initial three Outcomes); 3) the initial roll out of a combined Continuous Improvement Plan, using RBA and Lean together in a cohesive way; and 4) developing the basic for a long term change from budget appropriation by department to one based on programs. This turn toward programs is in line with the Speaker's desire to do the same.

### 3. Is there a better way?

A primary focus of this Office will be the management and oversight of PIVOT, as described above. This plan will serve as the work plan for the Administration and will evolve overtime. A primary duty of the Chief Performance Officer is to work with all agencies and departments to continue to develop and refine their strategic plans and integrate Continuous Improvement as a culture and not solely a task or initiative.

### **Goals:**

The Agency of Administration ensures the uniform and consistent functioning of state government through the provision of centralized support services for all components of state government and its employees. ***Programmatic Changes:***

Given the shift in Health Care Reform initiatives, the Secretary of Administration's Office has eliminated the healthcare office and has transferred the healthcare advocate to the Agency of Human Services.

***Capital Needs for the Program:***

The Secretary's Office has no capital needs for FY 2018.

## Financial Services

### **Mission Statement**

*The employees of the Secretary of Administration's office Financial Services division, working together, deliver quality operational services, enabling government departments to fulfill their missions.*

### **Programmatic Mission Statement:**

The mission of the Financial Services division (Agency of Administration Central Office) is to deliver timely, accurate and useful information and services to the entire agency in the areas of government finance, accounting, budgeting, auditing, rate setting, financial reporting and analysis.

### **Goals:**

The goals of the Financial Services division are:

- a. To produce timely and accurate financial reports for all programs in all departments and offices served;
- b. To process all payments and customer billings in a timely and accurate manner and be responsive to customers;
- c. To analyze all business activities and establish/adjust rates accordingly and recommend business changes;
- d. To assist the departments and offices served in managing and secure their needed financial resources; and
- e. To assist with the annual audit assisting with maintaining the state's high bond rating and eliminate any audit findings.

### **Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. The dollar amount of efficiency savings achieved through organizational restructuring and constant review of work performed;

- b. The number of complaints received by customers as a result of delayed payment processing;
- c. The number of issues that arise out of departmental billing to agencies and departments on a monthly basis;
- d. The number of payroll and expense claim issues that need resolution on a biweekly basis;
- e. The number of annual audit findings for all agency departments and offices served including the number of internal control findings for all agency departments and offices served as a result of an internal audit conducted by Finance & Management; and
- f. The number and frequency of management reviews with department heads.

**Market:**

The primary and direct market consists of all departments that make up the Agency of Administration as well as other offices assigned. The broader market includes the Administration/Governor as well as the citizens of Vermont as found in their elected representatives.

**Resources:**

Currently our programmatic resources are meeting the needs of our program. We do not expect our future needs to overrun our current level of resources. In fact, our needs for FY 2017 will be 12% lower than the previous fiscal year as the unit continues to reassess work requirements and downsize staffing needs as the opportunities arise.

**Programmatic Changes:**

The program has added a much needed financial reporting function for all programs reporting on a GAAP basis within the Agency of Administration on monthly and quarterly basis. Regular, consistent financial reporting is an essential tool for managers to manage their assigned programs which allows them to be held accountable for programmatic outcomes and results.

**How we are going to achieve the desired outcomes:**

The Financial Services division will achieve its desired outcomes by:

- a. Ensuring that all programs are accounted for according to GAAP and GASB;
- b. Ensuring all payment requests are fully documented, supported, and in compliance with state and federal law as well as state contract law;
- c. Ensuring that all financial activity meets strict internal control policies and procedures;
- d. Ensuring that financial information is made available to program managers within 15 working days of the end of the month; and
- e. Providing financial analysis of all major programs at least monthly to assist management in keeping the programs on track.

***Measuring Productivity and Efficiency:***

A Summary of some of our results are:

- a. There have been no material weaknesses, reportable conditions, or management comments since FY05.
- b. Since the agency reorganization and consolidation of the financial services function in 2009, the unit continues to save the state approximately \$1 million per year due to the elimination of 5 business managers and 4 financial specialists. In those programs and departments that did not transfer staffing to the central office, the employee was re-tasked with duties that assist the department and programs with achieving their mission.
- c. Since the consolidation and creation of the central business office, the division has reduced in size by a net of one position and yet continues to take on more work through the use of technology, smart management, and a practice of continually reassessing our business needs and the needs of our customers.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2018.

## **Secretary of Administration**

### **Office of Risk Management**

#### **Workers Compensation**

#### **Mission Statement**

*The employees of the Agency of Administration, working together, deliver quality operational services, enabling government agencies to fulfill their missions.*

#### **Programmatic Mission Statement:**

The mission of the Office of Risk Management, Workers' Compensation Section (ORMWC) is to manage the State's workers' compensation claims in a fair, timely, and accurate manner; to promote a safe workplace and to prevent work-related injuries and illnesses through training and consultation.

#### **Goals:**

To reduce the frequency and severity of workplace injuries, to efficiently and effectively manage workers' compensation claims, to coordinate appropriate and timely medical treatment for injured employees, and to comply with all legal mandates. We strive to consistently deliver the best possible service to our customers at the lowest cost.

#### **Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. Comparison of current to prior claim experience to determine whether claims have been managed in a timely and cost effective manner in accordance with legal requirements;

- b. Comparison of current to prior claim experience to determine whether the safety program has made an impact in reducing claim frequency and severity.

**Market:**

The primary market for our services is the Vermont State workforce.

**Resources:**

The programmatic resources requested in the Governor's recommended budget will meet the needs of the ORMWC. We do not anticipate the need for additional funds over and above our current level of resources.

**Programmatic Changes:**

In FY 2017, ORMWC outsourced services employing a new Third Party Administrator (TPA), PMA Management Corporation of New England, LLC. All claims adjusting, medical case management, vocational rehabilitation, return to work and workplace safety/loss prevention is being accomplished by this firm. The program reflects a 37% operating expense reduction using the new TPA. As claims are handled more efficiently and employees are returned to work, it is expected that claim reserves for FY 2018 will be reduced by \$2.8 million freeing up general fund for other uses.

**How we are going to achieve the desired outcomes:**

The ORMWC will achieve its desired outcomes by:

- a. Implementing the results of an annual independent claims audit report audit to determine whether the office meets leading industry practices;
- b. Ensuring all claim activity is fully documented in compliance with state law and internal control policies and procedures;
- c. Utilizing the TPA's case management team approach to each claim. The TPA's workplace safety coordinator reviews claims when a need for safety intervention is apparent.

***Measuring Productivity and Efficiency:***

A Summary some of our results are:

- The independent claims audit found that ORMWC meets or exceeds leading industry practices in the following areas: claim file documentation, intake, assignment, compensability decisions, medical case management, settlement evaluations and negotiations, reserving practices and timely file closure. We expect the new TPA's work results will improve these results.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2018.

**Secretary of Administration**  
**Office of Risk Management**  
**State Liability and All Other Insurances**

**Mission Statement**

*The employees of the Agency of Administration, working together, deliver quality operational services, enabling government agencies to fulfill their missions.*

**Programmatic Mission Statement:**

The mission of the Office of Risk Management (ORMSL) is to protect the human, financial, and physical assets of the State, through a program that employs a combination of self insurance, commercial insurance and retention of risk. State policy is to minimize the purchase of commercial insurance by self-insuring or retention of risk where appropriate.

**Goals:**

To treat all claimants with courtesy; to manage and settle all claims in a fair, timely, and accurate manner; to secure commercial coverage that provides the best protection for the lowest cost; and to advise state entities in a professional and thoughtful manner consistent with statute and the policies of the State. We strive to consistently deliver the best service possible to our customers at the lowest possible cost. For non-litigated claims, these claims are being managed by the new TPA, PMA Management Corporation of New England, LLC.

**Indicators:**

The performance indicators used to measure programmatic output and outcomes are:

- a. comparing current to prior claim experience to determine whether claims have been managed in a timely and cost effective manner in accordance with legal requirements;
- b. comparing current to prior cost and scope of commercial insurance to determine whether adequate insurance coverage has been secured in a cost effective manner.

**Market:**

The liability program covers the operations of all state agencies, legislature, departments, judiciary, quasi-state agencies, boards, commissions and employees. The primary markets are State agencies and departments, members of the public, attorneys, local and national insurance brokers and carriers and automobile repair and service providers.

**Resources:**

The programmatic resources requested in the Governor's recommended budget will meet the needs of the ORMSL. We do not anticipate the need for additional funds over and above our current level of resources.

**Programmatic Changes:**

In FY 2017, ORMWC outsourced services employing a new Third Party Administrator (TPA), PMA Management Corporation of New England, LLC. All non-litigated claims adjusting is being accomplished by this firm. For litigated claims, the firm will serve as the keeper of the record.

Cyber liability is an ever increasing area of exposure and concern. Steps have been taken to address this hazard through requiring contractors to provide the coverage. In the near term it will be advisable for the State to purchase coverage directly and take appropriate proactive prevention measures that will have a statewide impact.

**How we are going to achieve the desired outcomes:**

The ORMSL will achieve its desired outcomes by:

- a. Implementing the results of an annual independent claims audit report audit to determine whether the office meets leading industry practices;

- b. Ensuring all claim activity is fully documented, supported, in compliance with state law and internal control policies and procedures;
- c. Continued focus on treating all claimants with courtesy and respect
- d. Striving to reach fair claim settlements and denying coverage when appropriate following a thorough investigation and evaluation of each claim
- e. Staying abreast of conditions in the insurance marketplace and marketing coverage as necessary

***Measuring Productivity and Efficiency:***

A Summary some of our results are:

- a. The claims audit found that ORMSL meets or exceeds leading industry practices in the following areas: claim file documentation, intake, assignment, initial claimant contact, compensability decisions, payment and supporting documentation, settlement evaluations and negotiations.
- b. While the cost of commercial insurance coverage is largely beyond our control, ORMSL monitors current and prior years' insurance costs and implements strategies to reduce costs by adopting safety measures, marketing of insurance policies and retaining risk where appropriate.

***Capital Needs for the Program:***

There are no capital needs for the program for FY2018.
