Subject: Support of S.94 Remote Work

To: [msirotkin@leg.state.vt.us](mailto:msirotkin@leg.state.vt.us)

I was reaching out to voice my support of the \$10,000 tax credit for remote workers. My wife and I moved back to VT from the DC area as remote workers. We knew wanted to start a family and buy a home, and wanted our lives to be in the state that we loved, but our careers dictated that we needed to work from a big city. Remote work has allowed us to achieve that goal.

I hope that VT can help incentivize more professionals to make the career shift to find both personal and professional happiness by making Vermont their home due to incentives like this, and the beauty and progressive nature of our state!

Thank you,
