### **Mission**

Changing the lives of Vermonters by providing training to gain skills, improving career opportunities, and strengthening communities.

### **Vision**

To become the preferred training provider of quality programs that meet Vermont workforce needs.

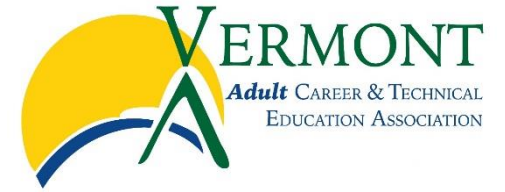

# Adult Education

1. Performing:
  - Adult CTE statute, current role and performance
2. Positioning:
  - To become the preferred training provider for Vermont's workforce needs
  - Requires collaboration with state agencies and business partners
  - Continue to create capacity within a traditional business model
3. Partnering:
  - H. 919 can support partners to coordinate a delivery system that connects and sustains education and labor to build and maintain a pipeline of a skilled workforce
  - Goal is to shift toward longer-term employment through investment in training and acquiring (stackable) credentials

# Statute V.S.A. § 1541

Title 16 : Education

Chapter 037 : Career Technical Education

Subchapter 003 : Local Career Technical Education Programs

§ 1541. Responsibility of local school boards that operate career technical centers

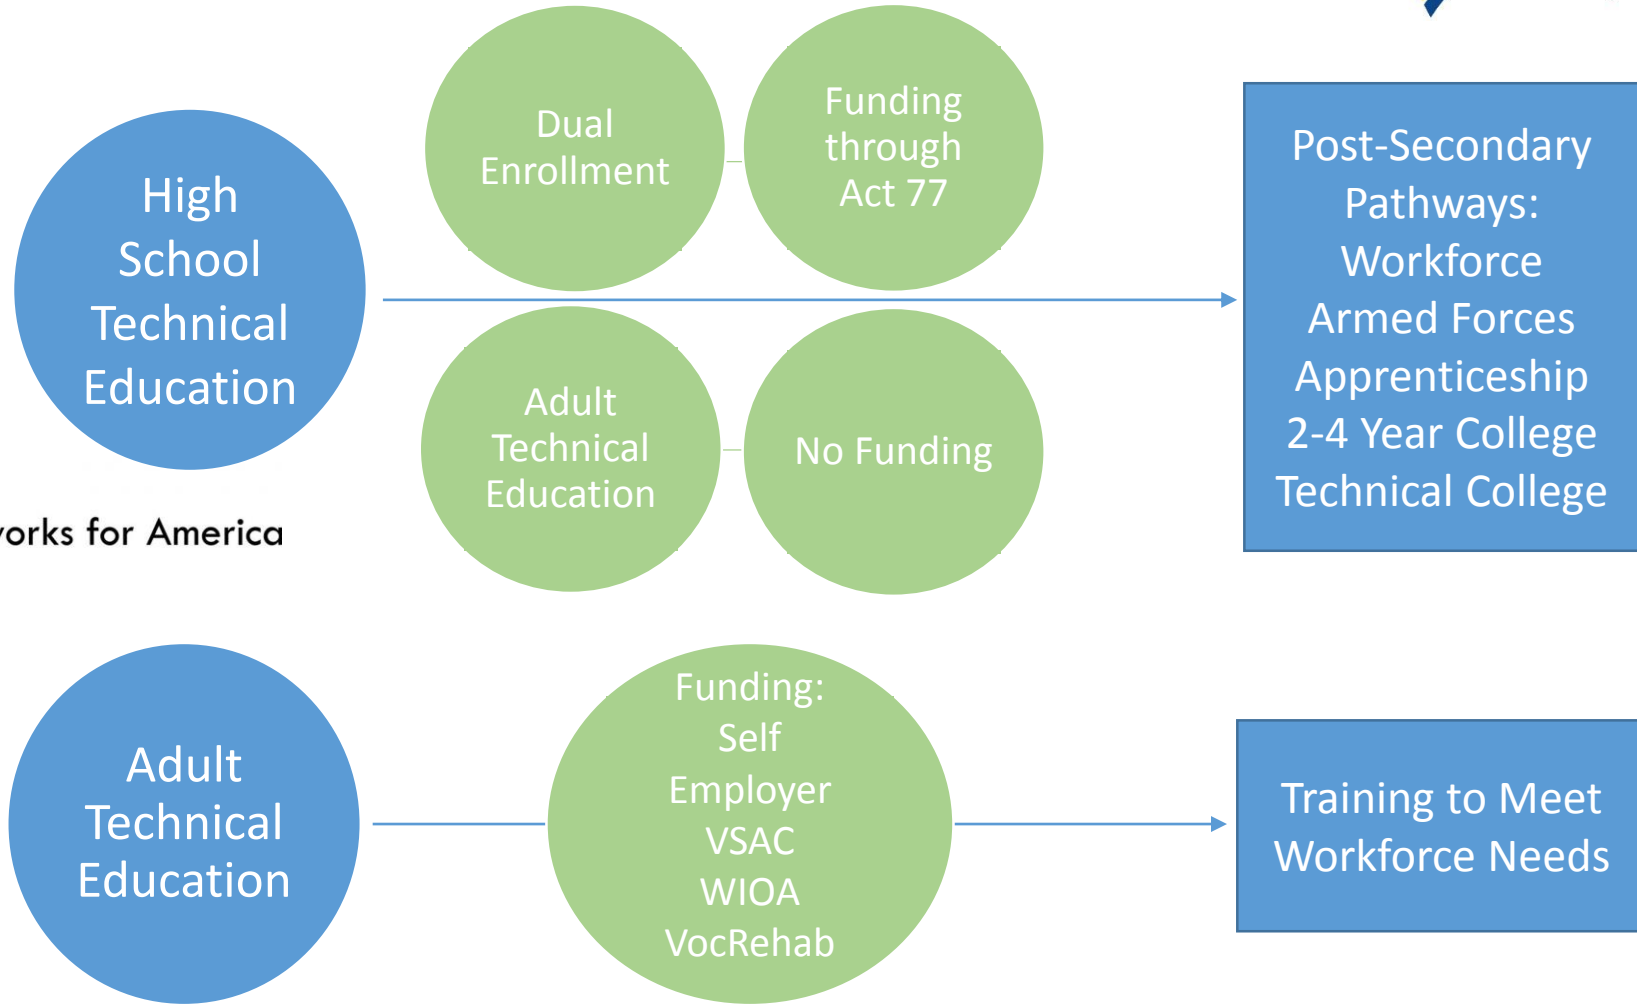

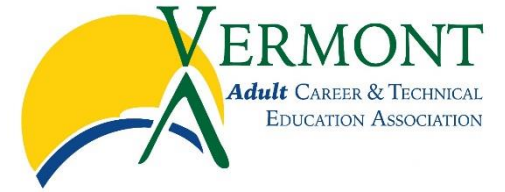

A school board that operates a CTE center has responsibility for providing secondary and [adult career technical education](#) services within its service region.

(c) In consultation with its regional advisory board, a school board that operates a regional CTE center shall:

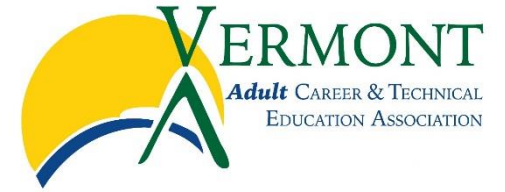

- establish the secondary and [adult](#) curriculum of the regional center, including courses of study offered;
- employ and, as need requires, dismiss an [assistant director for adult education](#)
- periodically evaluate the success of the center in serving all parts of its service area and in offering useful [adult training and education programs](#)

(d) A school board that operates a CTE center shall make the center's facilities and equipment available for providing CTE education to adults
