3           network company in exchange for compensation or payment of a fee.

4           (6) “Transportation network company rider” or “rider” means an  
5           individual who uses a company’s digital network to connect with a driver who  
6           provides rides in his or her personal vehicle between points chosen by the  
7           rider.

8           (b) Company’s financial responsibility.

9           (1) Beginning on July 1, 2017, a driver, or company on the driver’s  
10           behalf, shall maintain primary automobile insurance that recognizes that the  
11           driver is a company driver or otherwise uses a vehicle to transport passengers  
12           for compensation and covers the driver while the driver is logged on to the  
13           company’s digital network or while the driver is engaged in a prearranged ride.

14           (2)(A) The following automobile insurance requirements shall apply  
15           while a participating driver is logged on to the transportation network  
16           company’s digital network and is available to receive transportation requests  
17           but is not engaged in a prearranged ride:

18           (i) primary automobile liability insurance in the amount of at least  
19           \$100,000.00 for death and bodily injury per person, \$300,000.00 for death and  
20           bodily injury per incident, and \$25,000.00 for property damage; and

1                    (ii) any other State-mandated coverage under section 941 of this  
2 title.

3                    (B) The coverage requirements of this subdivision (2) may be  
4 satisfied by any of the following:

5                    (i) automobile insurance maintained by the driver;

6                    (ii) automobile insurance maintained by the company; or

7                    (iii) any combination of subdivisions (i) and (ii) of this  
8 subdivision (2)(B).

9                    (3)(A) The following automobile insurance requirements shall apply  
10 while a driver is engaged in a prearranged ride:

11                    (i) primary automobile liability insurance that provides at least  
12 \$1,000,000.00 for death, bodily injury, and property damage;

13                    (ii) uninsured and underinsured motorist coverage that provides at  
14 least \$1,000,000.00 for death, bodily injury, and property damage; and

15                    (iii) \$10,000.00 in medical payments coverage (Med Pay).

16                    (B) The coverage requirements of this subdivision (3) may be  
17 satisfied by any of the following:

18                    (i) automobile insurance maintained by the driver;

19                    (ii) automobile insurance maintained by the company; or

20                    (iii) any combination of subdivisions (i) and (ii) of this  
21 subdivision (3)(B).

1           (4) If insurance maintained by a driver under subdivision (2) or (3) of  
2           this subsection has lapsed or does not provide the required coverage, insurance  
3           maintained by a company shall provide such coverage beginning with the first  
4           dollar of a claim and shall have the duty to defend such claim.

5           (5) Coverage under an automobile insurance policy maintained by the  
6           company shall not be dependent on a personal automobile insurer first denying  
7           a claim nor shall a personal automobile insurance policy be required to first  
8           deny a claim.

9           (6) Insurance required by this subsection may be placed with an insurer  
10          licensed under chapter 101 (insurance companies generally) or 138 (surplus  
11          lines insurance) of this title.

12          (7) Insurance satisfying the requirements of this subsection shall be  
13          deemed to satisfy the financial responsibility requirement for a motor vehicle  
14          under section 800 of this title.

15          (8) A driver shall carry proof of coverage satisfying this section at all  
16          times during use of a vehicle in connection with a company's digital network.  
17          In the event of an accident, a driver shall provide this insurance coverage  
18          information to the directly interested parties, automobile insurers, and law  
19          enforcement, upon request. Upon such request, a driver shall also disclose  
20          whether he or she was logged on to the network or was on a prearranged ride at  
21          the time of an accident.

1           (c) Disclosures. A transportation network company shall disclose in  
2           writing to its drivers the following before they are allowed to accept a request  
3           for a prearranged ride on the company’s digital network:

4                   (1) the insurance coverage, including the types of coverage and the  
5                   limits for each coverage, that the company provides while the driver uses a  
6                   personal vehicle in connection with the company’s network; and

7                   (2) that the driver’s own automobile insurance policy, depending on its  
8                   terms, might not provide any coverage while the driver is logged on to the  
9                   company’s network and available to receive transportation requests or engaged  
10                  in a prearranged ride.

11           (d)(1) Automobile insurers. Notwithstanding any other provision of law to  
12           the contrary, insurers that write automobile insurance in Vermont may exclude  
13           any and all coverage afforded under a policy issued to an owner or operator of  
14           a personal vehicle for any loss or injury that occurs while a driver is logged on  
15           to a transportation network company’s digital network or while a driver  
16           provides a prearranged ride. This right to exclude all coverage may apply to  
17           any coverage in an automobile insurance policy, including:

18                   (A) liability coverage for bodily injury and property damage;

19                   (B) personal injury protection coverage;

20                   (C) uninsured and underinsured motorist coverage;

21                   (D) medical payments coverage;

1           (E) comprehensive physical damage coverage; and

2           (F) collision physical damage coverage.

3           (2) Nothing in this subsection implies or requires that a personal  
4           automobile insurance policy provide coverage while the driver is logged on to  
5           a company’s digital network, while the driver is engaged in a prearranged ride,  
6           or while the driver otherwise uses a vehicle to transport passengers for  
7           compensation.

8           (3) Nothing in this section shall be construed to require an insurer to use  
9           any particular policy language or reference to this section in order to exclude  
10          any and all coverage for any loss or injury that occurs while a driver is logged  
11          on to a company’s digital network or while a driver provides a prearranged  
12          ride.

13          (4) Nothing in this subsection is deemed to preclude an insurer from  
14          providing primary or excess coverage for the driver’s vehicle, if it chooses to  
15          do so by contract or endorsement.

16          (5) Insurers that exclude the coverage described under subsection (b) of  
17          this section shall have no duty to defend or indemnify any claim expressly  
18          excluded thereunder.

19          (6) Nothing in this section is deemed to invalidate or limit an exclusion  
20          contained in a policy, including any policy in use or approved for use in  
21          Vermont prior to the enactment of this section, that excludes coverage for

1 vehicles used to carry persons or property for a charge or available for hire by  
2 the public.

3 (7) An insurer that defends or indemnifies a claim against a driver that is  
4 excluded under the terms of its policy shall have a right of contribution against  
5 other insurers that provide automobile insurance to the same driver in  
6 satisfaction of the coverage requirements of subsection (b) of this section at the  
7 time of loss.

8 (8) In a claims coverage investigation, transportation network  
9 companies shall immediately provide, upon request by directly involved  
10 parties or any insurer of the transportation network company driver, if  
11 applicable, the precise times that a transportation network company driver  
12 logged on and off the transportation network company's digital network in the  
13 12-hour period immediately preceding and in the 12-hour period immediately  
14 following the accident. Insurers providing coverage under subsection (b) of  
15 this section shall disclose, upon request by any other insurer involved in the  
16 particular claim, the applicable charges, exclusions, and limits provided under  
17 any automobile insurance maintained in order to satisfy the requirements of  
18 subsection (b) of this section.

19 § 751. COMPANY LICENSE

20 (a) A company shall not operate without a license issued by the  
21 Commissioner of Motor Vehicles. Applications for a license shall be filed

1 with the Commissioner and shall contain such information and shall be on such  
2 forms as the Commissioner may prescribe.

3 (b) Each application shall be accompanied by an application fee of  
4 \$250.00, which shall not be refunded. If an application is approved by the  
5 Commissioner, upon payment of an additional fee of \$250.00, the applicant  
6 shall be granted a license, which shall be valid for one year after the date of  
7 issuance. The renewal fee is \$500.00.

8 (c) The Commissioner shall not issue a license to a company unless he or
