From: Donna Kinville, President of VMCTA

Re: H.624

It is with regret that I am unable to attend today's testimony on H.624 on behalf of the Vermont Clerks' and Treasurers' Association (VMCTA). Please accept the following as the Association's testimony.

The VMCTA has had the opportunity to discuss H.624 regarding the State Voter Checklist when it was in House Government Operations. We testified that the Association has no issue with this bill and have been reassured that the clerks at the municipal level, who have access to the statewide voter checklist, have the same protection as the Secretary of State's office under this bill from supplying this information should the federal government request it.

If you have any further questions, I can be reached at 846-4119.
