

Senators:

On behalf of the Secretary of Transportation, I express appreciation for your consideration of the testimony and feedback from state agencies in the most recent draft of H. 908, draft 3.1.

The clarified definition of “procedure” in Sect. 801, as well as the extended time to correct our compliance with the requirement to compile, index, and record agency written procedures as expressed in Sect. 835, are heartily supported by AOT.

Thank you.

Cathy Hilgendorf  
Audit Chief
