Subject: Health Care

I am writing in response to the request for comments to the Health Committee in the Legislature. I rarely feel the need to go to the doctor and therefore don't have a primary care doctor or health insurance. However, I think about the fact that if I did want to go to the doctor for say a annual physical, I have no idea how to find someone who would accept me. I don't feel like I have access to health CARE. I know where to go if I had an emergency or urgent care.
