- Social skill development

VERMONT AGENCY OF HUMAN SERVICES POPULATION OUTCOMES ADDRESSED

- Vermont's families are safe, nurturing, stable and supported.
- Children are ready for school.

PROGRAM DESCRIPTION

The School Services Program has masters level clinicians who provide services to address barriers within the child, home, school, and community that interfere with student achievement.

PERFORMANCE MEASURES

HOW MUCH

- Clinicians are collated in **43 schools** around Chittenden County
- Client served range in age from **3 years to 21 years**
- Clinicians provided support to **5,455 additional students who are not clients of Howard Center**
- Clinicians **1,623 successful referrals** made to other Howard Center programs and supports/services in the community.

HOW WELL

- **96%** of school staff reported that the services provided by the SSCs **met their expectations**
- **99%** of students reported the **services they received were right for them**
- **99%** of students reported that they were **treated with respect** by School Services Staff

BETTER OFF

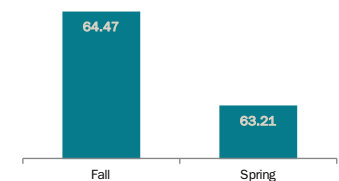

- **79%** of students with a history of problematic absenteeism **improved school attendance** after receiving services
- **87%** of students receiving school services either **improved or sustained academic performance** in literacy
- Students receiving School Services were appraised by their parents/guardians as having **reduced Total Behavior Problems** as evidenced by scores on the Child Behavior Checklist

97% of parents/guardians reported that their quality of life improved as a result of the services provided

“I got the help I needed and I felt like I was able to make a goal and go for it with their support”

Clients receiving School Services had reduced Total Behavior Problems Evidenced in CBC scores
