

Im writing to each of you concerning s55. I will try to keep this brief.

I have been a police officer in this state for 11 years. I was born here and Ive lived here my entire life.

Law Enforcement will not be enforcing these laws if passed. I really don't care what Donovan says, as he nothing more than a political shill.

The FOP, which represents all the members of chittenden county, released a letter in opposition to s55 and the recent push for gun control. The BPOA President and the FOP president met with Phil Scott in opposition to these bills. There is now a facebook page titled, Vermont Law Enforcement Against Gun Control which has gained 400 members in under 24 hours.

VT Law Enforcement takes its oath to protect the US and Vermont Constitution seriously. The members of the house who voted yes, and those of you in the senate willing to vote yes have clearly violated their oaths of office.

Out of anyone, I and my fellow brothers and sisters in Law Enforcement are most likely to be killed by a firearm, and we are against this bill, gun control, and against those who would vote yes.

Ill ask each of you this: what will you do when there is no one on your side with enforcement authority.

I bet you haven't considered that, have you?
