H.411

Senator Lyons moves that the report of the Committee on Natural Resources and Energy be amended as follows:

First: In Sec. 7, 30 V.S.A. § 8010(c)(2), in subdivision (F)(ii), by striking out subdivision (I) and inserting in lieu thereof a new subdivision (I) to read:

(I) Commencing 10 years from the date on which an existing net metering system was installed, the Board may apply to the system the same rules governing bill credits and the use of those credits on the customer’s bill, other than any adjustments related to siting and tradeable renewable energy credits, as set forth for net metering systems filed on or after January 1, 2017 in the Board’s revised net metering rule as submitted to the Legislative Committee on Administrative Rules on February 7, 2017.

Second: After Sec. 7, by inserting a new section to be Sec. 7a to read:  
Sec. 7a. LEGISLATIVE INTENT

The General Assembly intends that the Public Service Board, in adopting rules pursuant to 30 V.S.A. § 8010, minimize the effect of those rules on existing net metering systems as defined in Sec. 7 of this act.
