\*\*\*

- (d) Interest earned shall remain in the Benefits Fund, and all balances remaining at the end of a fiscal year shall be carried over to the following year; provided, however, that any amounts received in repayment of interfund loans established under subsection (e) of this section may be reinvested by the State Treasurer.
- (e)(1) Notwithstanding any provision to the contrary, the State Treasurer is authorized to use interfund loans from the General Fund for payment into the Benefits Fund, which monies shall be identified exclusively for the purposes of payments of retired teacher health and medical benefits pursuant to this section. Any monies borrowed through an interfund loan pursuant to this section shall be paid from monies in the Benefits Fund or from other funds legally available for this purpose. It is the intent of the General Assembly to appropriate sufficient General Fund revenue, after consideration of all other revenue and disbursements, such that the interfund loan shall be paid in full on

or before June 30, 2023. The Governor shall include in the annual budget request an amount sufficient to repay any interfund borrowing according to a schedule developed by the State Treasurer. The State Treasurer shall pay the interest and principal as due in accordance with authority granted under 32 V.S.A. § 902(b). The State Treasurer shall assess a rate of interest on the outstanding balance of the interfund loan comparable to the rate paid by private depositories of the State's monies, or to the yield available on investments made pursuant to 32 V.S.A. § 433. No interfund loans made under this authority shall, in the aggregate, exceed \$28,500,000.00.

[Repealed.]
- (f) It is the intent of the General Assembly to appropriate the required contributions necessary to pay retired teacher health and medical benefits by combining annual increases in base appropriations, but not from the Education Fund, and surplus revenues as they become available, so that the full cost of retired teacher health and medical benefits payments shall be met in base appropriations by fiscal year 2023. To the extent that other revenue sources

are identified, the General Fund obligation shall not be reduced, until all annual disbursements to repay the interfund loan in subsection (e) of this section are satisfied. Contributions to the Benefits Fund shall be irrevocable and it shall be impossible at any time prior to the satisfaction of all liabilities, with respect to employees and their beneficiaries, for any part of the corpus or income of the Benefits Fund to be used for, or diverted to, purposes other than the payment of retiree postemployment benefits to members and their beneficiaries and reasonable expenses of administering the Benefits Fund and related benefit plans.

- (g) The Treasurer shall report on the status of the interfund loan balance allowed under this section as part of the annual budget presentation to the General Assembly. [Repealed.]
