Any hospital, clinic, community mental health center, or other health care institution in which a licensee performs professional services shall report to the Board, along with supporting information and evidence, any reportable disciplinary action taken by it or its staff that significantly limits the licensee's privilege to practice or leads to suspension or expulsion from the institution, a nonrenewal of medical staff membership, or the restrictions of privileges at a hospital taken in lieu of, or in settlement of, a pending disciplinary case related to unprofessional conduct as defined in sections 1354 and 1398 of this title. The Commissioner of Health shall forward any such information or evidence he or she receives immediately to the Board. The report shall be made within 10 days of the date such disciplinary action was taken, and, in the case of disciplinary action taken against a licensee based on the provision of mental health services, a copy of the report shall also be sent to the Commissioner of Mental Health and the Commissioner of Disabilities, Aging, and Independent Living. This section shall not apply to cases of resignation or separation from service for reasons unrelated to disciplinary action.

(b) Within 30 days of any judgment or settlements involving a claim of professional negligence by a licensee, any insurer of the licensee shall report the information to the Commissioner of Health and, to the extent the claim relates to the provision of mental health services, to the Commissioner of Mental Health.

Definition of reportable disciplinary action. A reportable disciplinary action is an action based on one or more of the following:

(1) Acts or omissions of a licensee that relate to the licensee's fitness or competence to practice medicine under the license held.

(2) Acts or omissions of the licensee that constitute a violation of a law or rule that relates in any way to the practice of medicine.

(3) Acts or omissions of the licensee that occur in the course of practice and result in one or more of the following:

(A) Resignation, leave of absence, termination, or nonrenewal of an employment relationship or contract. This includes a licensee's own initiation of such action following notification to the licensee by the reporter that the reporter or an affiliated entity is conducting an investigation or inquiry regarding an event that, assuming the accuracy of the information or allegation, is likely to result in reportable disciplinary action. The reporter or affiliated entity shall complete the investigation or inquiry even if the licensee initiates a resignation, leave of absence, termination, or nonrenewal, and shall make a report to the Board if the investigation results in a finding of a reportable disciplinary action. Resignations and leaves of absence that are entirely voluntary by the licensee, and terminations and nonrenewals of employment or contract by a required reporter that are not related to acts or omissions of the licensee, are not reportable disciplinary actions.

(B) Revocation, suspension, restriction, relinquishment, or nonrenewal of a right or privilege. This includes a licensee's own initiation of such action following notification to the licensee by the reporter that the reporter or an affiliated entity is conducting an investigation or inquiry regarding an event that, assuming the accuracy of the information or allegation, is likely to result in reportable disciplinary action. (C) Written discipline that constitutes a censure, reprimand, or admonition, if it is the second or subsequent censure, reprimand, or admonition within a 12-month period for the same or related acts or omissions that previously resulted in written censure, reprimand, or admonition. The same or related acts or omissions includes similar behavior or behavior involving the same parties, or both. Oral censure, oral reprimand, and oral admonition are not considered reportable disciplinary actions, and notation of an oral censure, oral reprimand, or oral admonition in a personnel or supervisor's file does not transform the action from oral to written.

(D) Fine or any other form of monetary penalty imposed as a form of discipline.

(E) Required education, remedial counseling, or monitoring that is imposed as a result of a completed, contested disciplinary process. This includes recommendation or referral for services from the Vermont Practitioner Recovery Network established pursuant to section 1401a of this chapter, or from an employer wellness program or similar program, as a result of a completed, contested disciplinary process.
