2 Introduced by Committee on Health Care

3 Date:

4 Subject: Health; health insurance; individual mandate; preexisting conditions;
5 association health plans

6 Statement of purpose of bill as introduced: This bill proposes to implement
7 Vermont's individual mandate to maintain health insurance coverage. It would
8 also codify in State law certain health insurance consumer protections,
9 including a ban on preexisting condition exclusions and a requirement to
10 provide coverage for dependents up to 26 years of age. The bill would require
11 looking through the structure of an association to provide health insurance
12 plans based on the size of each underlying employer. It would prohibit
13 licensed brokers from accepting payment for enrolling Vermont residents in
14 certain health expense-sharing arrangements and would require the Green
15 Mountain Care Board to quantify the impact of the Medicaid and Medicare
16 cost shifts and uncompensated care on health insurance premiums. The bill
17 would also direct the Agency of Human Services to develop strategies for
18 increasing the affordability of health insurance and to evaluate options for the
19 future of Vermont's health insurance markets.

1 An act relating to health insurance and the individual mandate

2 It is hereby enacted by the General Assembly of the State of Vermont:

3 it is disapproved by the Commissioner of Financial Regulation within 30 days
4 of filing.

5 (d)(1) Guaranteed issue. A registered carrier shall guarantee acceptance of
6 all individuals, small employers, and employees of small employers, and each

4 self-only coverage in the preceding calendar year, increased by any percentage
5 by which the average per capita premium for health insurance coverage in
6 Vermont for the preceding calendar year exceeds the average per capita
7 premium for the year before that.

9 coverage for any year in which the federal government does not establish an

18 the plan, regardless of whether the services are provided in-network or out-of-
19 network.

20 (5)(A) No cost sharing for preventive services. A health benefit plan
21 shall not impose any co-payment, coinsurance, or deductible requirements for:

1 (i) preventive services that have an “A” or “B” rating in the
2 current recommendations of the U.S. Preventive Services Task Force;

3 (ii) immunizations for routine use in children, adolescents, and
4 adults that have in effect a recommendation from the Advisory Committee on
5 Immunization Practices of the Centers for Disease Control and Prevention with

13 and screenings set forth in binding comprehensive health plan coverage
14 guidelines supported by the federal Health Resources and Services
15 Administration.

16 (B) Subdivision (A) of this subdivision (5) shall apply to a high-

1 ~~Sec. 11. PREMIUM ASSISTANCE EXPANSION; LEGISLATIVE INTENT~~

2 It is the intent of the General Assembly to use any revenue generated from

7 Sec. 12. MERGED INSURANCE MARKETS; REPORT

9 stakeholders, shall evaluate Vermont's health insurance markets to determine
10 the potential advantages and disadvantages to individuals, small businesses,
11 and large businesses, including the impacts on health insurance premiums and
12 access to health care services, of:

13 (1) maintaining the current health insurance market structure, in which
14 the individual and small group markets are merged and the large group market
15 is separate;

16 (2) moving to a fully merged market structure, in which individuals,
17 small groups, and large groups are merged into a single market; and
