For the purposes of the Program, the public health risk posed by COVID-19 shall be deemed to be an emergency situation that justifies the execution of sole source contracts pursuant to Bulletin 3.5, the State’s Procurement and Contracting Procedures.

(e) Confidentiality; personally identifiable information. All personally identifiable information that is collected by the Agency through implementation of the Program by any entity of State government performing a function of the Program or by any entity that the Agency contracts with to perform a function of the Program shall be kept confidential and shall be exempt from inspection and copying under the Public Records Act.

(1) implements appropriate procedures and safeguards to protect any personally identifiable information that it obtains in relation to the Program;

(2) shall not disclose an individual’s personally identifiable information to another State entity or contractor performing a function of the Program unless that disclosure is necessary for the administration of the Program;

(4) complies with all applicable requirements of 9 V.S.A. chapter 62.
