5 Subject: Corrections; earned good time

6 Statement of purpose of bill as introduced: This bill proposes to require the  
7 Department of Corrections to implement a system of earned good time on or  
8 before January 1, 2020.

9 An act relating to earned good time

10 It is hereby enacted by the General Assembly of the State of Vermont:

11 Sec. 1. FINDINGS

12 The General Assembly finds that:

13 (1) For nearly 40 years, Vermont had a system of statutory good time  
14 that permitted offenders to receive reductions in their sentences for  
15 maintaining good behavior and participating in programming while in the  
16 custody of the Commissioner of Corrections. This good time system was  
17 repealed in 2005.

18 (1) In 2018, the General Assembly directed the Commissioner of  
19 Corrections, in consultation with the Chief Superior Judge, the Attorney  
20 General, the Executive Director of the Department of Sheriffs and State's

1 Attorneys, and the Defender General, to submit a report (the Report) to the  
2 Legislature on the advisability and feasibility of reinstating a system of  
3 earned good time for persons under Department of Corrections supervision.  
4 The Report was filed on November 15, 2018.

5 (2) In the Report, the Commissioner found that:

6 (A) empirical studies show that earned good time is effective at  
7 prison population management, has little to no community impact or effect on  
8 public safety, and is perceived by correctional administrators as having a  
9 positive impact on facility control;

10 (B) earned good time reduces incarceration costs by an amount  
11 ranging from \$1,800.00 to \$5,500.00 per inmate, depending on the number of  
12 days an inmate's sentence is reduced; and

13 (C) although research is mixed, studies show that earned good time  
14 can result in a crime rate reduction of 1–3.5 percent.

15 (3) On the basis of the Report's findings, the Commissioner concluded  
16 that the Department should "reinstigate a program of earned good time for  
17 sentenced inmates and individuals on furlough."

18 (4) In order to reduce the State's prison population by reintegrating  
19 offenders into the community while maintaining public safety, a system of  
20 earned good time should be reinstated in Vermont as soon as possible.

1 Sec. 2. 28 V.S.A. § 818 is added to read:

2 § 818. EARNED GOOD TIME; REDUCTION OF TERM

3 (a) The Department shall by rule implement an earned good time program  
4 on or before January 1, 2020.

5 (b) The earned good time program implemented pursuant to this section  
6 shall comply with the following standards:

7 (1) The program shall be available for all offenders under the  
8 supervision of the Department, including furloughed offenders, who have been  
9 sentenced and committed to the custody of the Commissioner for a term of  
10 more than one year.

11 (2) The program shall be a merit-based system designed to incentivize  
12 offenders to participate in activities that prepare them for reentry. The  
13 program shall provide for reductions in the offender's term of supervision for  
14 periods during which the offender has participated in treatment, counseling,  
15 education, or vocational training or complied with other requirements  
16 identified by the Department to meet the offender's needs.

17 (3) The Department shall provide timely written notice to the offender  
18 any time the offender receives a reduction in his or her term of supervision  
19 pursuant to this section, and the Department shall maintain a system that  
20 documents and records all such reductions in each offender's permanent file.

- 1      Sec. 2. EFFECTIVE DATE
- 2      This act shall take effect on passage.
