(c) Each license certificate issued to a first-time applicant and each subsequent renewal by that person shall be issued with the photograph or imaged likeness of the licensee included on the certificate. The Commissioner shall determine the locations where photographic licenses may be issued. A person issued a license under this subsection that contains an imaged likeness may renew his or her license by mail. Except that a renewal by a licensee required to have a photograph or imaged likeness under this subsection must be made in person so that an updated imaged likeness of the person is obtained no less often than once every eight nine years.

vision and written tests required for the class of license authorizing the
operation of the type of vehicle for which the permit application is being made.
A commercial learner’s permit holder is not eligible to take the commercial

§ 4203. TESTING OF AUTOMATED VEHICLES ON PUBLIC HIGHWAYS

(a) An automated vehicle shall not be operated on public highways for testing until the Traffic Committee as defined in 19 V.S.A. § 1(24) approves a permit application for automated vehicle testers that defines the scope and operational design domain for the test and demonstrates the ability of the automated vehicle tester to comply with the requirements of this section.

(b) Prior to approving a permit application, the Traffic Committee will conduct a hearing to provide for comments from the public.

(c) A person aggrieved by a decision of the Traffic Committee regarding an automated vehicle test permit may appeal to the Civil Division of the Superior Court of Washington County under Rule 74 of the Vermont Rules of Civil Procedure.

(d) Before a test commences, the automated vehicle tester shall make approved automated vehicle test permits readily available to law enforcement and municipalities within the operational design domain designated in the permit.

(e) Following completion of an automated vehicle test, the automated vehicle tester shall submit a report to the Traffic Committee summarizing results and observations related to safety, traffic operations, interaction with
roadway infrastructure, comments from the public, and any other relevant matters.

(f) An automated vehicle tester shall not test an automated vehicle on a public highway unless:

V.S.A. § 302 included in the test.

(3) The operator and automated vehicle tester shall:

(A) comply with standards established by the National Highway
Traffic Safety Administration regarding automated vehicles and be capable of
providing proof of exemptions or waivers to such standards;

(B) report to the Agency of Transportation and the applicable law
enforcement agency within 10 business days after any motor vehicle crash
involving the testing of the automated vehicle that results in personal injury or
property damage; and

(C) satisfy any other requirements and permit conditions as
determined by the Traffic Committee as necessary to ensure the safe operation
of such automated vehicles.

(g) Notwithstanding subsection (f) of this section, a highly automated
vehicle may be tested on a public highway without an operator inside the
vehicle if the operator or automated vehicle tester can take immediate remote
control of the highly automated vehicle being tested and the vehicle can
achieve a minimal risk condition.

(h) An automated vehicle testing permit may be voided and invalidated for
the trip by a law enforcement officer that determines there is a violation of any
condition specified in the terms of the automated vehicle test permit or that the
continuation of the trip would be unsafe.

(i) An automated vehicle testing permit may be suspended or revoked by
the Traffic Committee if, after the opportunity for a hearing, the Traffic
Committee determines that there is a violation of any condition or conditions
specified in the terms of the automated vehicle test permit that warrants the
suspension or revocation of the testing permit or that the continuation of the
testing would be unsafe.

(j) Operating or testing in violation of a suspension or revocation order
shall be a traffic violation for which there shall be a penalty of not more than
$1,000.00.

(k) Test vehicles must be capable of operating in compliance with
applicable traffic and motor vehicle laws of this State, subject to this
subchapter.

(l) An individual shall not operate, attempt to operate, or be in actual
physical control of an automated vehicle being tested on a public highway
when the individual’s blood alcohol concentration is 0.02 or more.
(m) An automated vehicle being tested on a public highway shall be clearly identifiable by the public.
