Subchapter 1. Conservation, Development, and Use of Natural Resources

** Subsection 13.10 of Title 7, Subch. 1 is amended to read:

§ 731. FAILURE TO OBSERVE LAND-USE ORDINANCE;
CONFERENCES

(a) In the event that the supervisors of a district find that the provisions of a land-use ordinance adopted according to the provisions of this chapter are not being observed on particular lands, and that such nonobservance tends substantially to increase erosion on such lands and substantially interferes with the prevention or control of erosion or conservation of natural resources on other lands within the district, the supervisors may summon the owner of the land to appear before them to discuss the failure of the owner to observe the regulations, and to perform particular work, operations, or avoidance as required by ordinance of the district, when the nonobservance tends substantially to increase erosion on the lands and substantially interferes with the prevention or control of erosion or conservation of natural resources on other lands within the district.

(b) By conference thus convoked, the supervisors and the owner of land not observing the ordinance adopted by the district, shall together make and sign a finding as to the issues which are involved in the failure of the owner to observe the ordinance of the district.

(c) Upon the basis of such findings and if, after conference, it appears to the supervisors that there are great practical difficulties or unnecessary hardship involved in the full observance of the ordinance of the district, the supervisors shall endeavor to work out a program with the owner,
as shall be acceptable to the owner and shall enable the owner to comply with the ordinance.

(2)(A) Alternatively, upon the basis of their findings, the supervisors may authorize such variance from the ordinances in their application to the lands of the owner who has not complied with the ordinance of the district, when such variance will relieve practical difficulties or unnecessary hardship to that owner and when such variance is not contrary to public interest and is in accordance with the purpose of land use regulations.

(B) The supervisors may request the landowner not complying with an ordinance to sign a stipulation setting forth the conditions agreed upon by the landowner and supervisors so that the practical difficulties or unnecessary hardship may be overcome and the work proceed by the consent of such landowner upon the land.

(d) Nothing in this chapter shall be construed so as to make ineffective any remedies available under the laws of the State.

§ 732. NONCOMPLIANCE; REFERENCE TO BOARD OF ADJUSTMENT; COMPOSITION OF BOARD; TERMS, COMPENSATION, CONDUCT

(a) When by conference the supervisors and the landowner not complying with the ordinances of the district are unable to agree on the conditions under which compliance may be effected, the supervisors shall refer the matter to a board of adjustment which shall be appointed by the State Council upon request of the supervisors.

(b) The board of adjustment shall consist of three members appointed for a term of one year. The board shall elect its own chair. Vacancies in the board of adjustment shall be filled in the same manner as original appointments. The members of the board shall receive compensation for their services at a rate not to exceed the per diem rate as defined by 32 V.S.A. § 1010(b) in addition to expenses incurred in the discharge of their duties. The State Council shall pay the necessary administrative and other expenses of operation incurred by the board upon vouchers signed by the chair of the board. The board shall adopt rules to govern its procedure, which rules shall be in accordance with the provisions of this chapter and with the provisions of any recommendations made by the State Council. Any two members of the board shall constitute a quorum. The chair, or in the chair’s absence such other member of the board as the chair may designate to serve as acting chair, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep an accurate record of its proceedings, and
shall file all documents and memoranda of proceedings with the state council, when each grievance has been adjusted. [Repealed.]

§ 733. POWERS OF BOARD

Upon the basis of such inquiry as it deems it necessary to conduct, and upon the basis of findings resulting therefrom, the board of adjustment shall have authority by order to authorize such variance from the ordinances in their application to the lands of the owner who has not complied with the ordinance of the district, when such variance will relieve practical difficulties or unnecessary hardship to such owner and when such variance is not contrary to public interest and is in accordance with the purpose of land-use regulations. The board of adjustment may request the landowner not complying with an ordinance to sign a stipulation setting forth the conditions agreed upon by the landowner and supervisors so that the practical difficulties or unnecessary hardship may be overcome and work proceed by the consent of such landowner upon his land. However, nothing in this chapter shall be construed so as to make ineffective any remedies available under the laws of the state. [Repealed.]

§ 734. SUPERVISORS MAY PETITION SUPERIOR COURT, WHEN

If a landowner does not sign such stipulation, the supervisors may petition the Superior Court to require such landowner to bring his or her land into conformity with the ordinance, and the Court shall order such relief as it may deem necessary in the interest of public health, safety, and welfare. However, no landowner shall by ordinance or otherwise be required to pay any money or perform any act that shall not be for the protection of his or her own land nor shall he or she be required to pay any money, perform any act, or carry out any practice that shall not be in just proportion to the benefits that he or she will receive and further provided that he or she shall not be required to pay any money, perform any act, or carry out any practice that shall not be deemed to be necessary for the public good.

Sec. 13. ADULT CTE SYSTEM

(a) Findings; purpose.

(1) Findings. The General Assembly finds:

(A) Like many rural states, Vermont faces demographic realities that have resulted in an historically low unemployment rate and created obstacles for employers that seek to hire and retain enough fully trained employees.

(B) Notwithstanding this high employer demand, due to rapidly changing technology and evolving business needs, potential employees may lack the particular skills and training necessary to qualify for available jobs.

(C) In order to assist employers and employees in matching demand to requisite skills, Vermont has a broad diversity of adult workforce education and training programs offered by multiple providers, including programs administered or funded by State government, educational institutions, business and industry, and private professionals.
(2) Purpose. Consistent with the goals and purposes of 2018 Acts and Resolves No. 189, pursuant to which the State Workforce Development Board and other stakeholders are currently engaged in planning the design and implementation of a fully integrated workforce development system, it is the purpose of the General Assembly to explore the creation of a fully integrated adult career and technical education system that:

(A) provides Vermonters throughout the State with high quality programs that are standardized, replicable, and offered with regularity and consistency;

(B) coordinates, or integrates where appropriate, the many programs and providers to maximize the efficient use of training resources; and

(C) features a governance structure that provides consistency across the system whenever appropriate, but also provides the flexibility necessary to respond to local and regional workforce demands.

(b) Adult CTE System.

(1) The Department of Labor, in collaboration with the Agency of Education, the Vermont State Colleges, and the Vermont Adult Technical Education Association, shall issue a request for proposals for consulting services, the purpose of which shall be to consider and report to the General Assembly on the design, implementation, and costs of an integrated adult career and technical education system that achieves the results specified in subdivision (a)(2) of this section.

(2) In performing his or her work, the consultant shall conduct a broad-based stakeholder engagement process to solicit input from interested parties and State agencies and departments shall provide the consultant with necessary information and assistance within their relative areas of expertise.

(c) Report. On or before January 15, 2020 the Department of Labor shall submit a report on the work of the consultant selected and any recommendations for legislative action to the House Committee on Commerce and Economic Development and the Senate Committee on Economic Development, Housing and General Affairs.

(B) make the information easily accessible for interested individuals to assist in aspects of preliminary decision making; and

(3) convene regional, multidisciplinary teams that:

(A) comprise partners with expertise from relevant sectors, including housing, transportation, education, health, child care, recreation, and economic development; and

(B) provide community-level knowledge, support, and services to best meet the needs of prospective employees.

(b) State agencies and State-funded programs shall coordinate with the Department to ensure that services and information that could assist a person in relocating to Vermont are made available through an integrated, employee-centered system.

(c) The Department shall provide limited organizational support to employers interested in participating in private-pay travel to military bases in conjunction with other employers, representatives of the Vermont National Guard, and State officials for the purpose of promoting employment and relocation to Vermont.

(d) Not more than $25,000.00 in General Funds may be allocated to the Department to support staff time, supplies, necessary travel, and other related costs.

(e) On or before January 15, 2020, the Department shall report to the House Committees on Commerce and Economic Development and on
